The diagram consists of a horizontal bar divided into 12 equal-width segments. From left to right, the segments are colored: black, light blue, light blue, red, red, red, green, green, green, grey, grey, and grey. A blue arrow points downwards to the third segment (the second light blue one). Below the bar is a long black arrow pointing to the left, starting from a solid black dot on the right and ending with an arrowhead on the left.
