

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $1 \times 9$ , and the right cloud contains the answer 9.

$$1 \times 9$$
$$9$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $2 \times 9$ , and the right cloud contains the answer 18.

$$2 \times 9$$
$$18$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $3 \times 9$ , and the right cloud contains the answer 27.

$$3 \times 9$$
$$27$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $4 \times 9$ , and the right cloud contains the answer 36.

$$4 \times 9$$
$$36$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $5 \times 9$ , and the right cloud contains the answer 45.

$$5 \times 9$$
$$45$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $6 \times 9$ , and the right cloud contains the answer 54.

$$6 \times 9$$
$$54$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $7 \times 9$ , and the right cloud contains the answer 63.

$$7 \times 9$$
$$63$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $8 \times 9$ , and the right cloud contains the answer 72.

$$8 \times 9$$
$$72$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $9 \times 9$ , and the right cloud contains the answer 81.

$$9 \times 9$$
$$81$$

A vibrant rainbow arches over two white clouds. The left cloud contains the multiplication problem  $10 \times 9$ , and the right cloud contains the answer 90.

$$10 \times 9$$
$$90$$
