The Might (Wailing Trees)

Wailing Trees

Introduction

Chorus x 2

Give me the might to be who I am /
I was born and raised as a dreamer /
Give me the might to be who I am /
O-O Lord O-O Lord /

1st Verse

How could I guide / anyone /
If I don't know / to guide myself /
I have to lead my inner fight /
Between my shadows and my lights /

This is my mission / my ambition /
To walk a few step further /
In the direction of my insertion /
To be my own savior

I wanna teach my self how to read my soul /
I wanna reach my own sky and fly high /
To allow my heart to beat strong /
To feel alive /

2nd Verse

How to unleash what is hidden /
Into my spiritual Kingdom /
I wish I could reveal / all the illusions /
Spread by the wind of judgement /

Some of us / don't wanna see the truth /
Blinded by shiny material things /
In front of their eyes /

Judgement is the opposite of Love /
Who are we to judge / nothing but men /
We're not perfect / Life is perfect /
We have to fight our own warrior /

Chorus x 2

Give me the might to be who I am /
I was born and raised as a dreamer /
Give me the might to be who I am /
O-O Lord O-O Lord /

Instrumental

Chorus x 2

Give me the might to be who I am /
I was born and raised as a dreamer /
Give me the might to be who I am /
O-O Lord O-O Lord /

To finish

Give me the might to be who I am /
I was born and raised as a dreamer /
Give me the might to be who I am /
Give me the might to be who I am /

Give me the might to be who I am /
Give me the might to be who I am /
Give me the might to be who I am /
Give me the might to be who I am /
