

La graine

QLM

À L'école, nous avons planté des graines...
Les étapes de la germination :

1

2

3

4

Pour germer, une graine a besoin :

eau

lumière

chaleur

terre

Barre ce qui n'est pas indispensable.

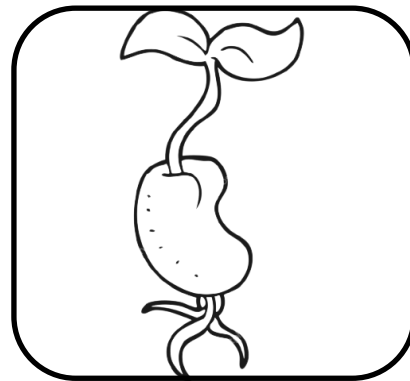

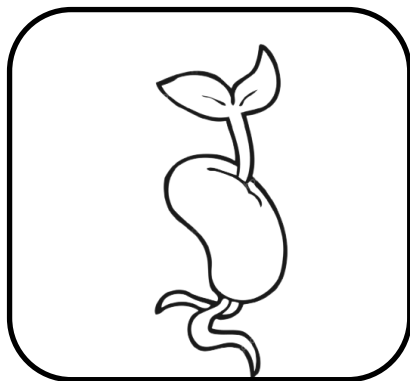

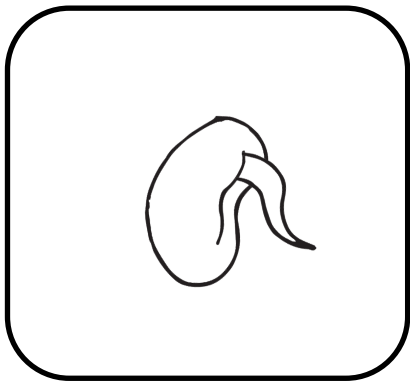

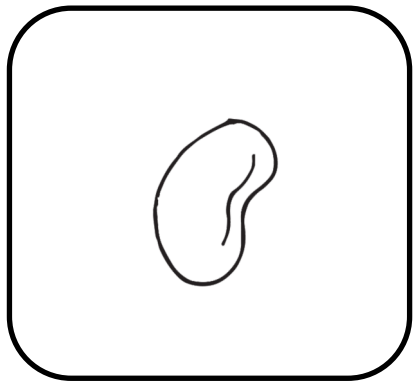

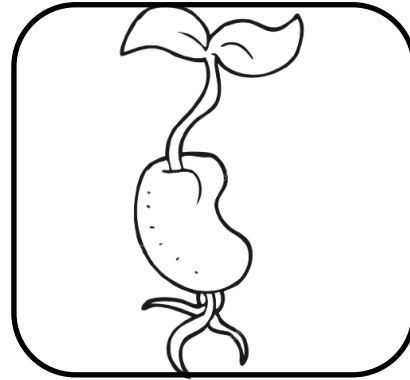

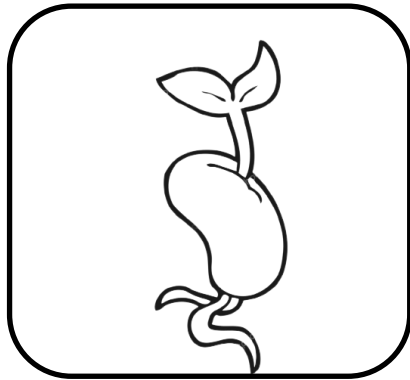

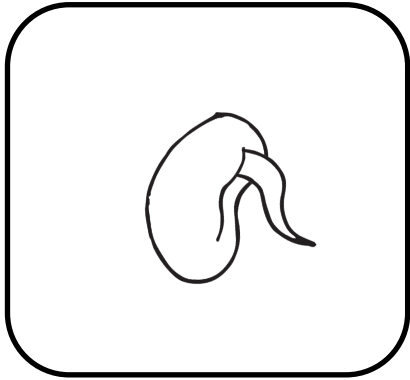

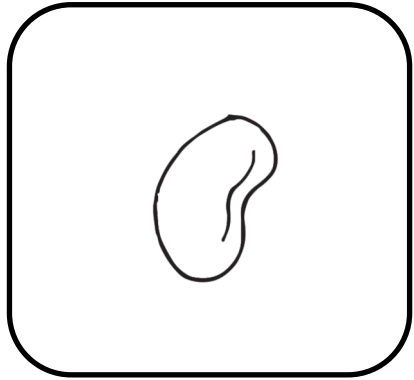

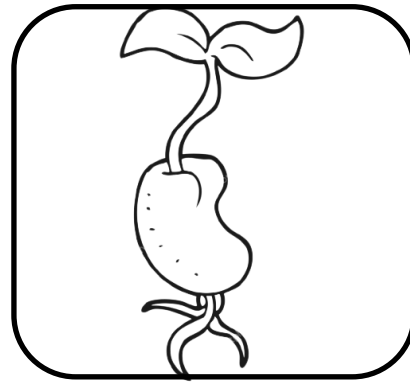

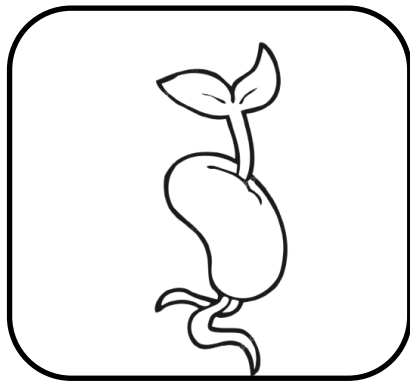

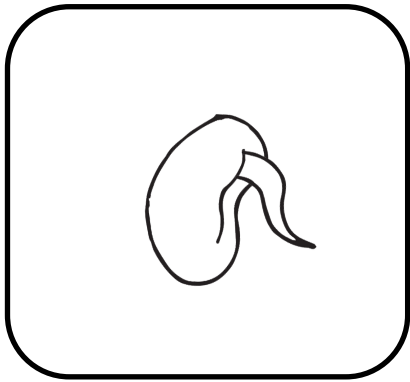

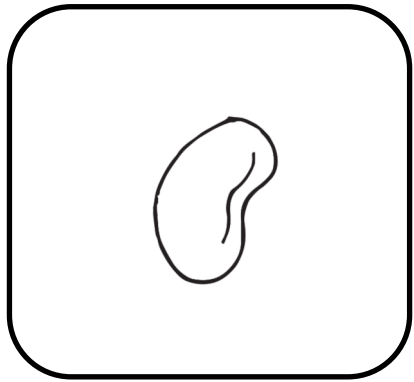

Plantule

Légende le dessin :

- tige
- feuille
- racine
- graine

VAL d'ées

* La lumière et la terre ne sont pas indispensables à la germination des graines.
