

CROCO SIGNES

Ces deux crocodiles s'ajoutent.

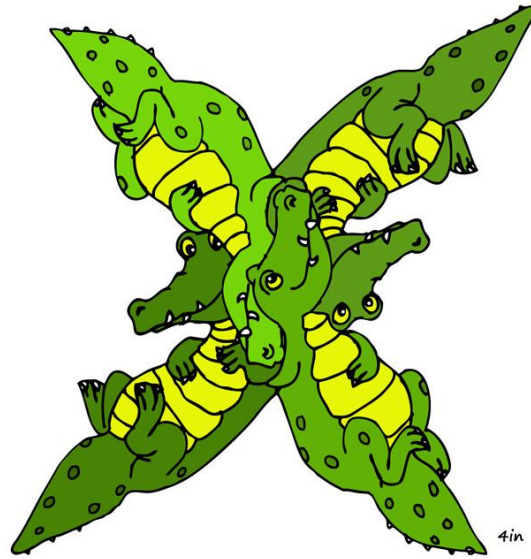

$$6 \text{ } \img alt="small crocodile on turtle" data-bbox="339 698 462 845" \text{ } 2 = 8$$

Regarde ce crocodile, il te fait signe.

Il faut reculer !

$$6 - \text{crocodile} - 2 = 4$$

Ces crocodiles tous emmêlés
forment un joli paquet.

$$3 \times 2 = 3 \text{ paquets de } 2$$

4in

Pour contenter nos nouveau-nés,
il va falloir tout partager.

6

partagé en 2

Ce croco est très gourmand, il
mange toujours le plus grand.
