

# Atelier MS

## de reproduction de disposition

### Numération et orientation spatiale:

Reproduire le train proposé en vue du dessus

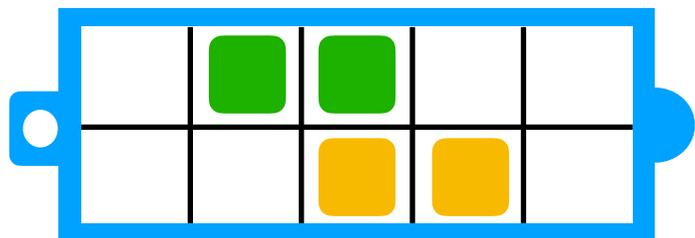

### Rituel/ Situation problème:

Faire observer, puis aller chercher les cubes (ou personnages) pour les placer dans le train.

Deux déplacements autorisés pour aller chercher les voyageurs sans avoir le train sous les yeux.

### Aide/remédiation :

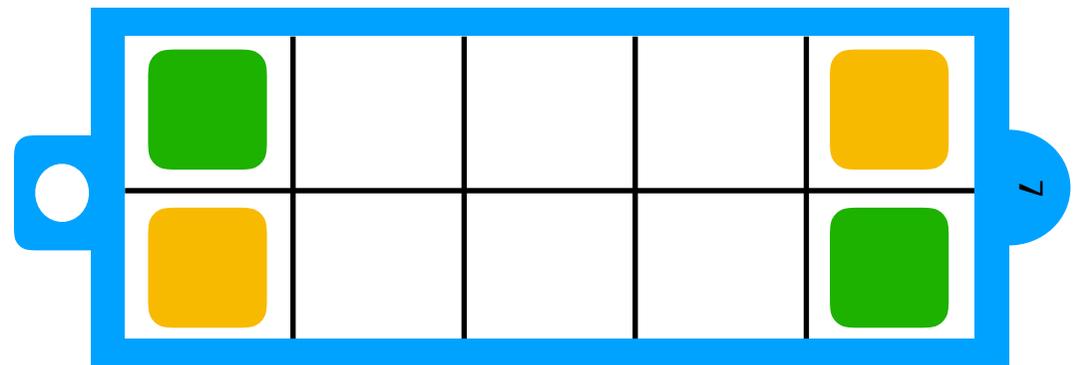

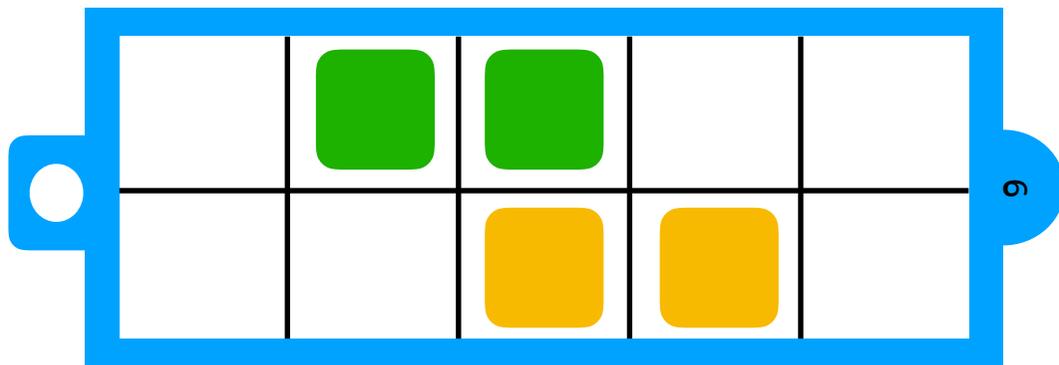

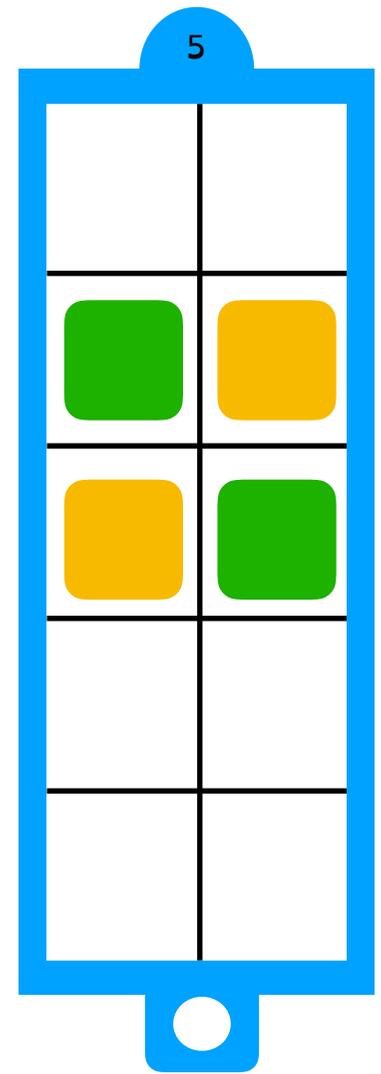

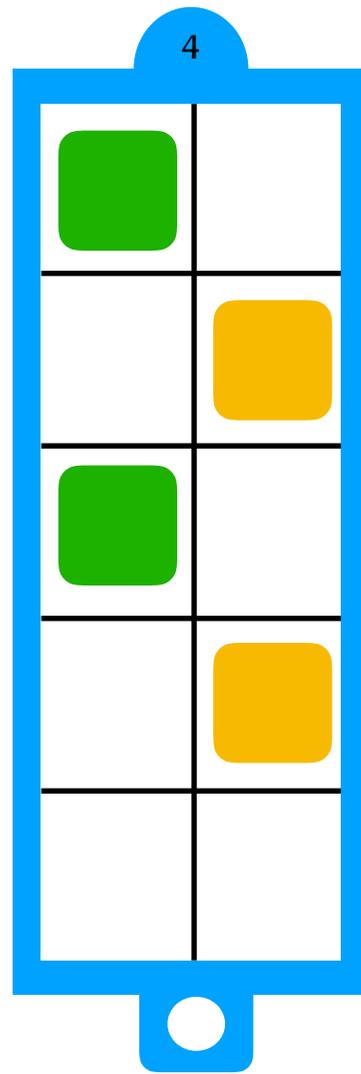

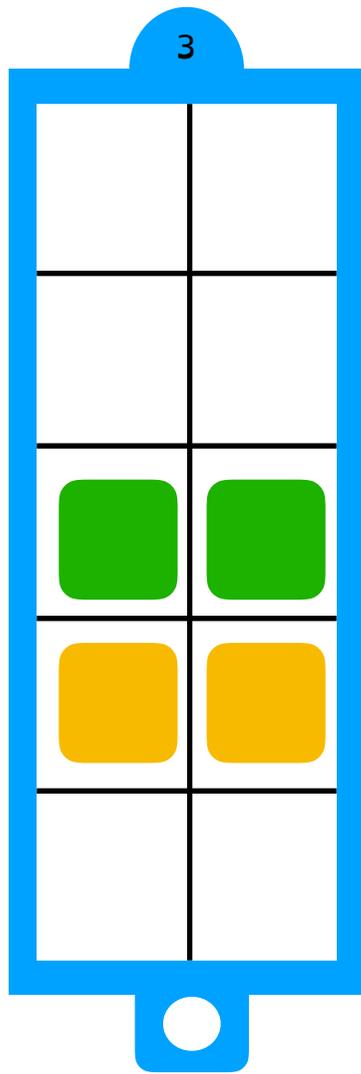

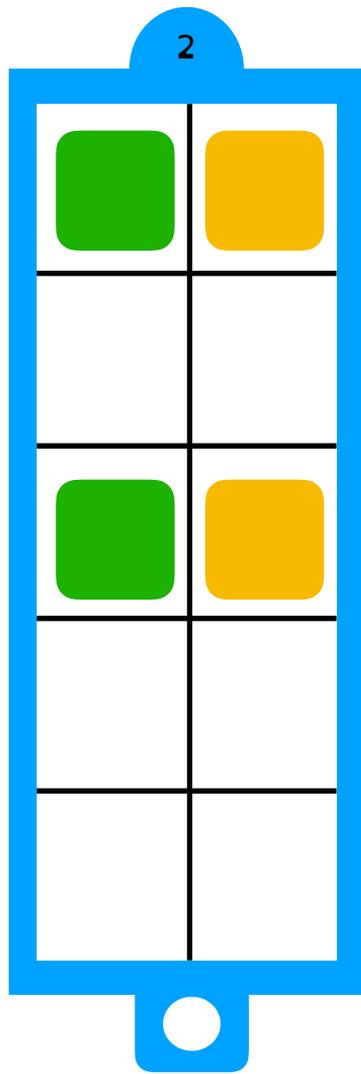

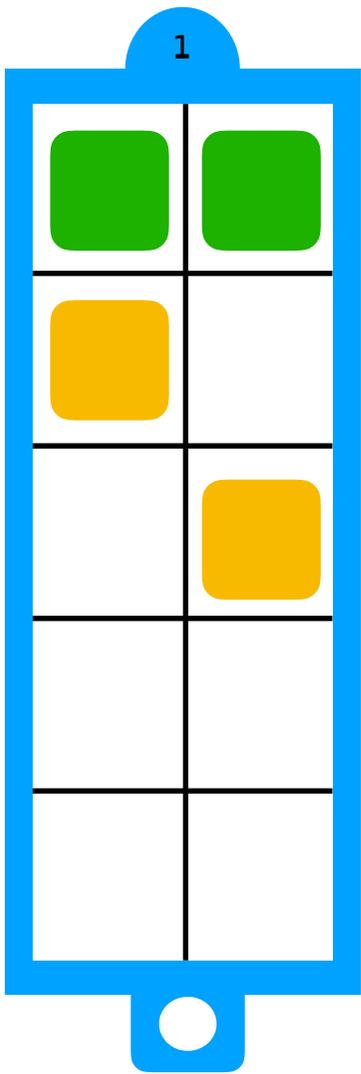

- marquer sur ses doigts ou une main en mousse les quantités à retenir
- Usage d'un marqueur de quantité (barres, Numicon, chiffres ...)

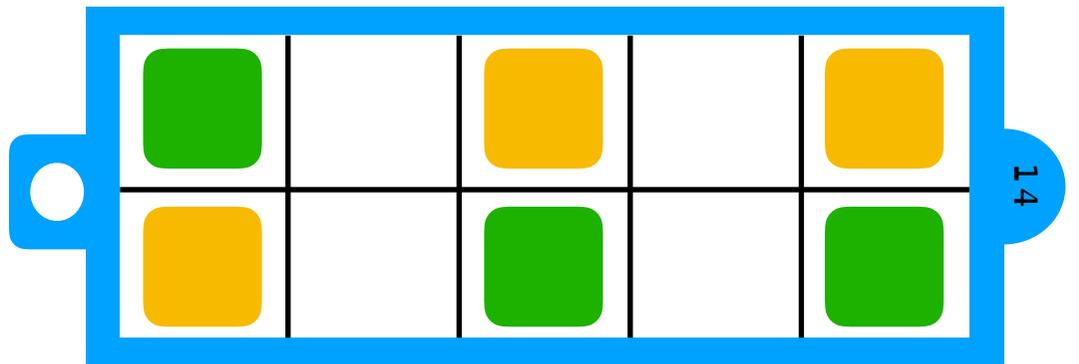

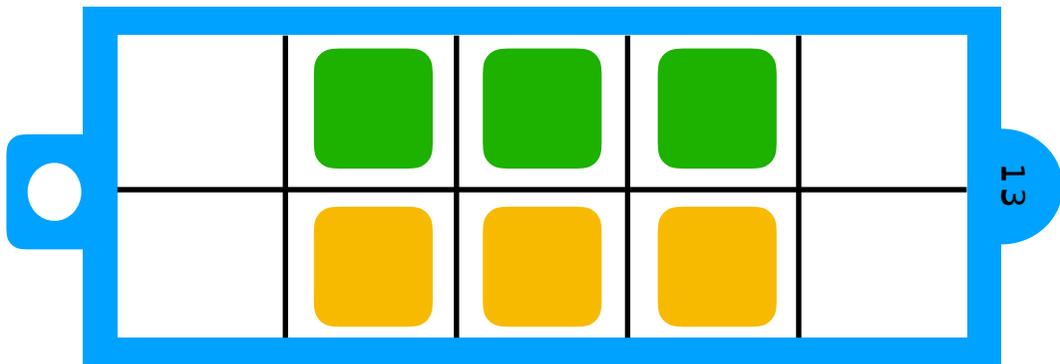

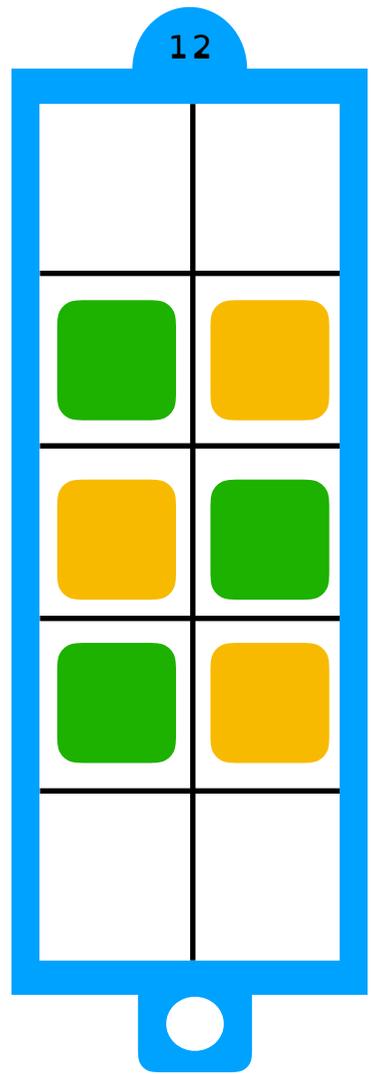

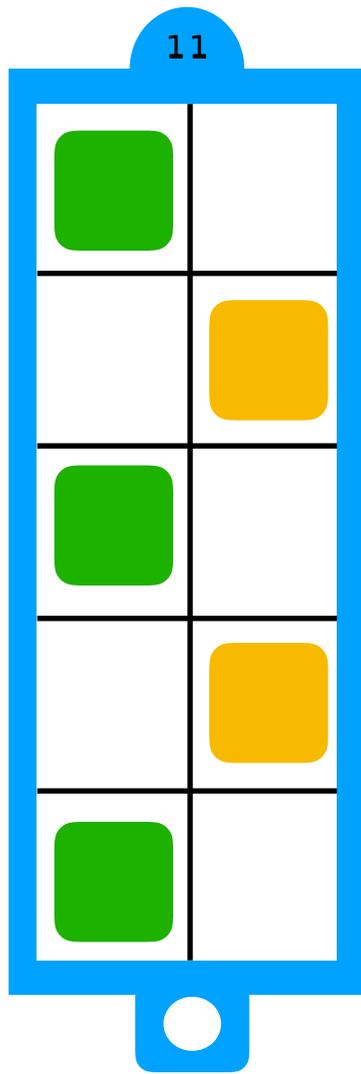

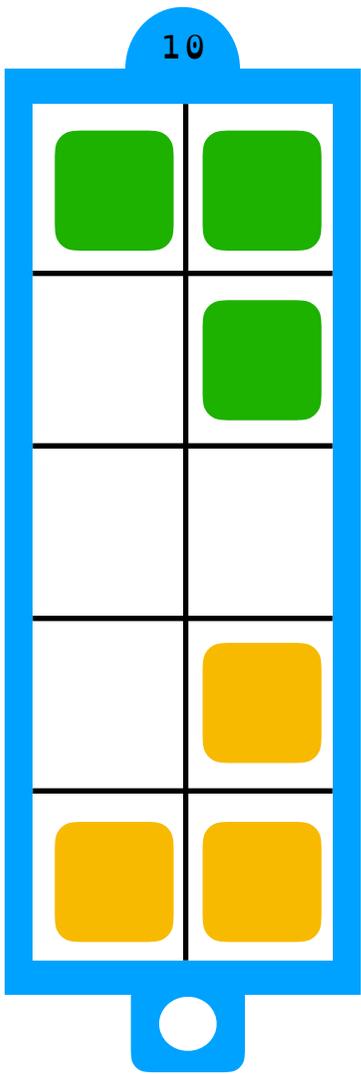

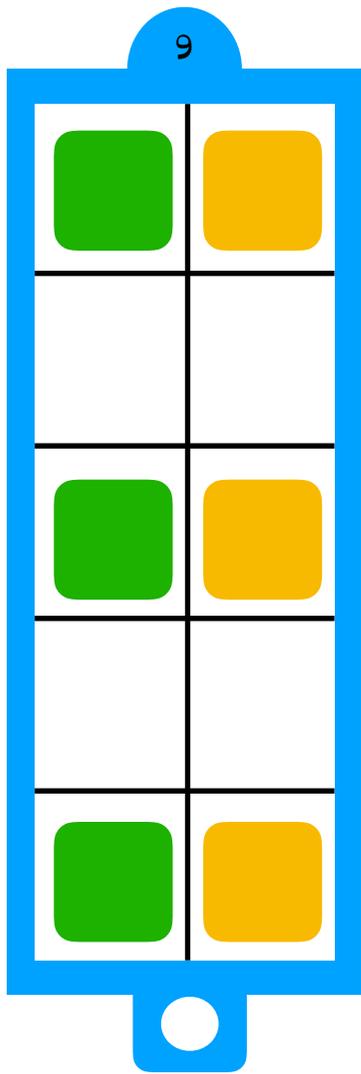

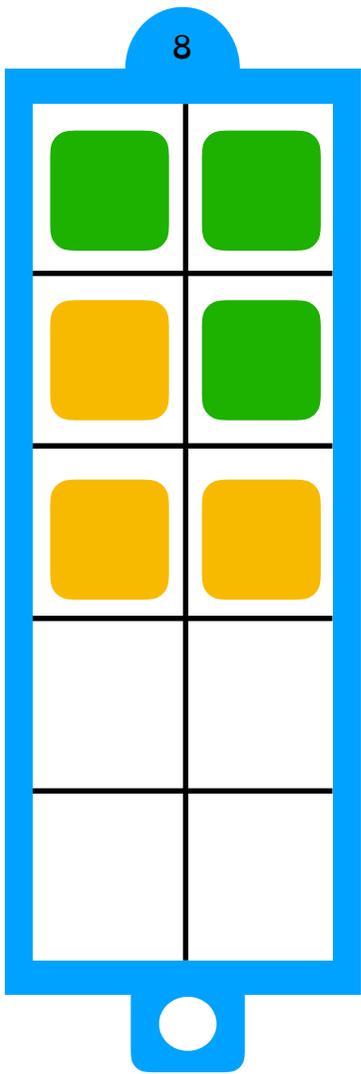

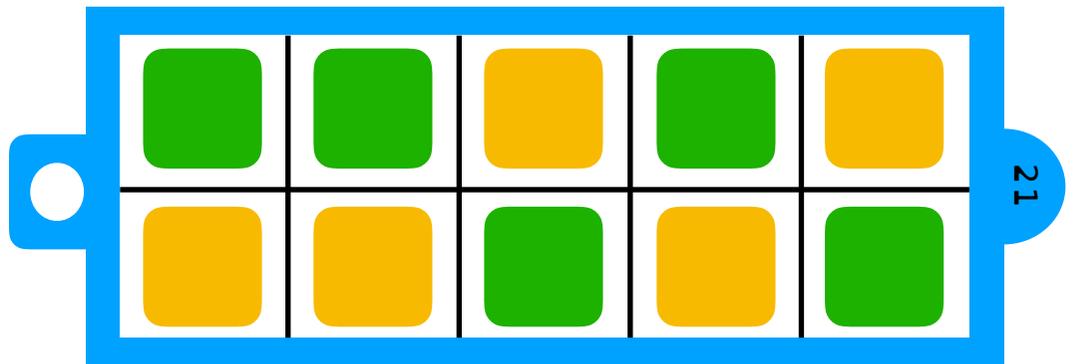

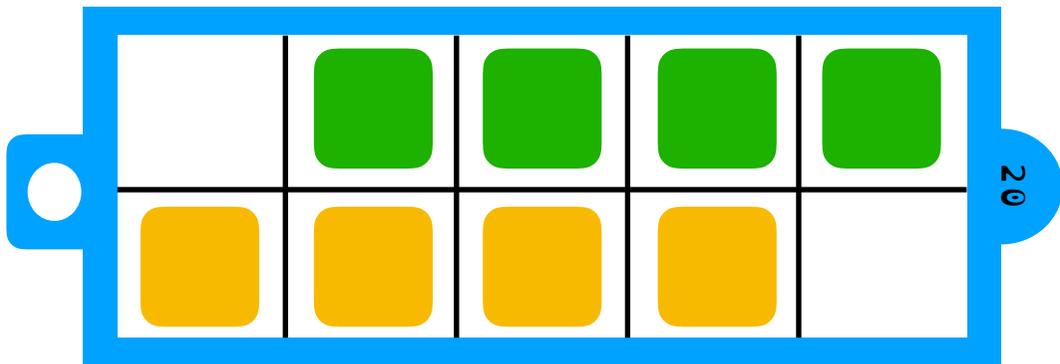

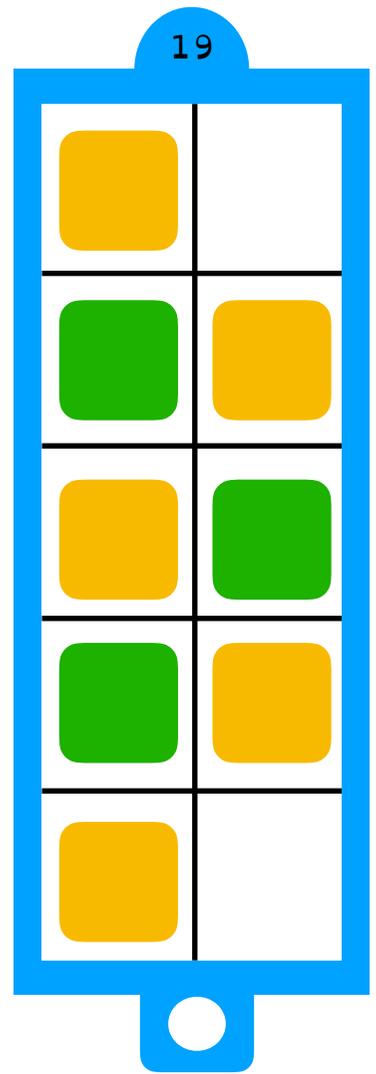

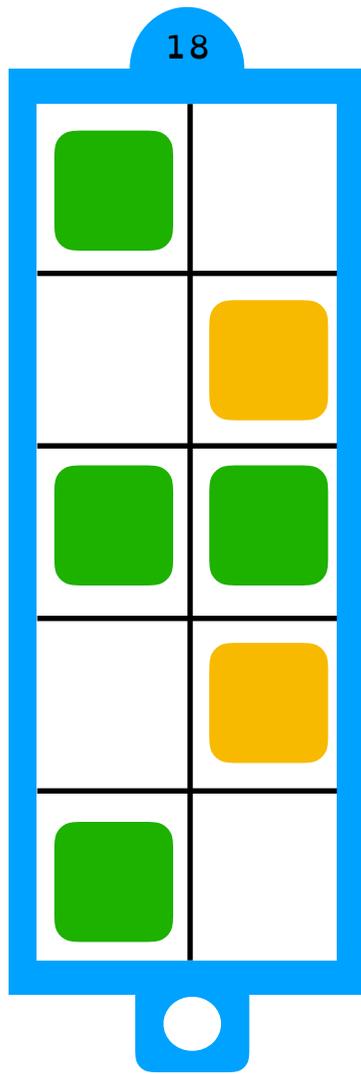

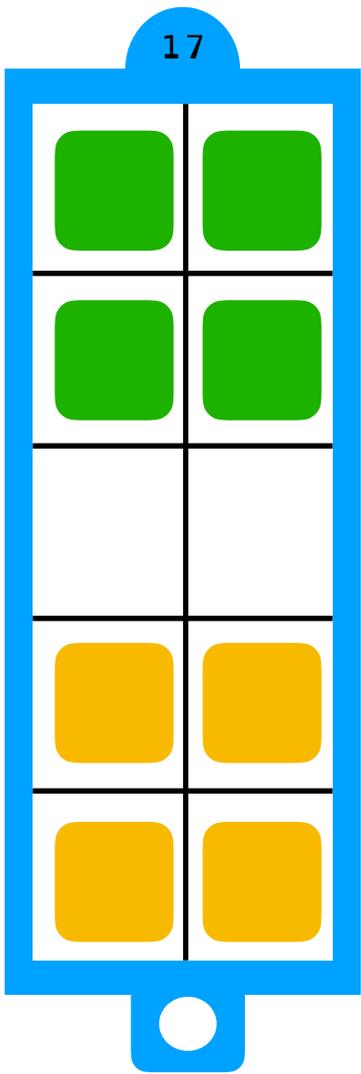

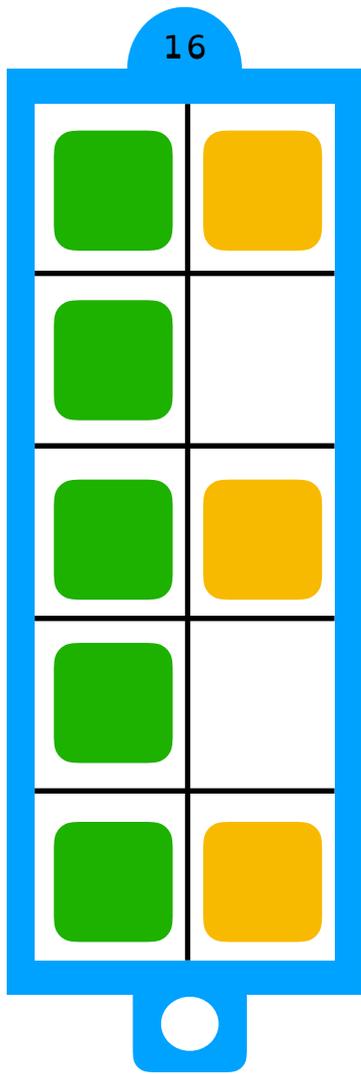

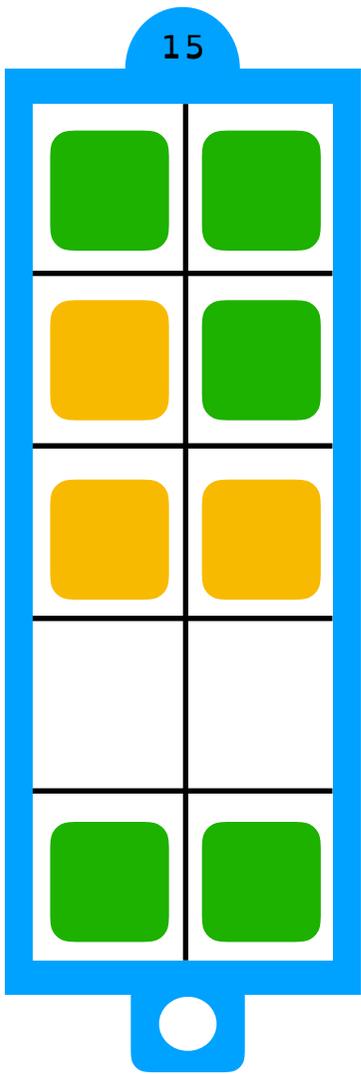

### Ateliers autonomes :

Reproduire seul les trains et marquer ses réussites sur la fiche de suivi.
