Live Music & Dancing!

Certified 5K Course with Official Results

Village to Village Care Mission:

Village to Village Care is a nonprofit organization that empowers leaders of villages in developing countries to build and operate a clinic, so these villagers could have better access to healthcare. They organize a medical team to travel in these remote areas to conduct a medical mission trip and to equip these clinics. Village to Village Care would like to raise awareness in what they do and would like to raise funds to buy medical supplies and equipment to help support their upcoming mission trip that is scheduled in the Spring of 2016.
