

Write another poem following the same pattern,
or add two stanzas to this one.
Record the poem and add your recording to your presentation.

Stop

For ten thousand years
We've been cutting down forests.
Now they're in danger;
It's time to stop.

For two hundred years
We've been hunting whales.
Now they're in danger;
It's time to stop.

For far too long
We've been polluting the planet.
Now we're in danger...
It's time to stop.
