

SUMMER 2013 E-GAZETE - YUNUS EMRE FARM

Summer has come, with the solstice and cicadas !

Heat, watering, burning wind, and scarce shade... Forest has disappeared but fortunately not totally and i am lucky enough to find my little house under the shade of the surviving trees.

What happened in the farm ? What will happen ?

A LOT of beautiful things which all show the CONNECTION of the HEARTS, for thanks to ALL the farm continues to FLY...

So here is what HAS HAPPENED recently

19 MAY: « PHOENIX DAY »

Just like the Phoenix, the Yunus Emre farm slowly slowly resume flying on both wings, that of Knowledge and Experience. The very wings that allow us to move forward and evolve on the Yoga path, on the Life path, on the path of True Life.

So a beautiful and casual day, with families, kids, delicious food, sharings of experiences etc..
A wonderful day in the « Yunus Emre » style:

Sevelim, sevillelim, Let us love and be loved..

22 - 23 JUNE: SUMMER SOLSTICE CELEBRATION -

The solstice days combined with a strong full Moon was an auspicious opportunity to meet again and connect ourselves with NATURE 's vibrations. It has been made possible thanks to Zuleyha and her family, in the lovely « Climber's garden » near Antalya.

Program = YAJNA, HAVAN, MANTRAS, YANTRAS, MANDALAs for kids

Lke this, every one, adults and kids, could feel the connection with Nature, with Cosmos.

And now what shall happen soon ... "PLANS" so to say ..

RECONSTRUCTION - FARM'S RENAISSANCE

MY HOUSE

it should be continued soon, thanks to THE HELP of the dam construction company TBA's boss who wishes to help me finish the house before winter. He offers material and machines from the site !! wonderful intention from the boss Again ... HEART CONNECTION ...:o))

Last works to be done are :

Electrics and water taps installation

Covering of walls with earth-mud plaster

*Covering of ceiling with isolation and wood ****

Covering of floor with marble *(got for free in Bucak)*

And of course then lots of details which will be done in the course of time ...

*(*** will NOT be covered by TBA so money has to be found...)*

DURGA and SARASWATI

the Yoga places' roofs have been damaged during the fire, and should be replaced, fixed BEFORE WINTER. Otherwise the tents and carpentry might not survive the winter storms !

FINANCES

So to finance these works and also the completion of my little house, a new « crowd funding campaign » will be soon launched.

Everything will be explained, specially the financial situation of the farm and why your help is needed, again and again...

Plans to restore financial health of the farm will also be explained so you can see that i am not relying only on you, but do my very best and work very hard to help the farm becoming self sustainable as soon as possible...

But this very moment is of utmost difficulty, having to rebuild everything with nothing ...

Thus i am immensely

Now let me offer you this little present in the form of a

[LINK TO A MAGNIFICENT CHANT](#)

This is a Buddhist version of the [MAHA MRITYUN JAYA MANTRA](#) , the UNIVERSAL HEALING mantra whose vibrations may actually HEAL at all levels because they realign PRANA this VITAL force which keep us ALIVE. (also called CHI)

Chanting mantras and sending their vibrations to others, known or unknown people, is a pure, sane, peaceful, positive manner to bring benefits to all, to the world, at all levels.

This is the very need of our present century in our present modern world.

And this is the very vocation of the Yunus Emre farm for it is also pure Yogic Ecology.

So do not hesitate to share and listen without limitation, if you enjoy it !! .

[More information and explanation about MANTRAS may be found HERE in the farm's website](#)

Thank you so much for being here and reading these news.
Thank you so much for your support, participation whatever the level.
With billions of water droplets, an ocean emerges.
THANKS TO YOU THE FARM FLIES AGAIN ON THE WINGS OF YOGA
