Cascade d'Angon

Montage d'Emérance Bétis - 30 mars 2023

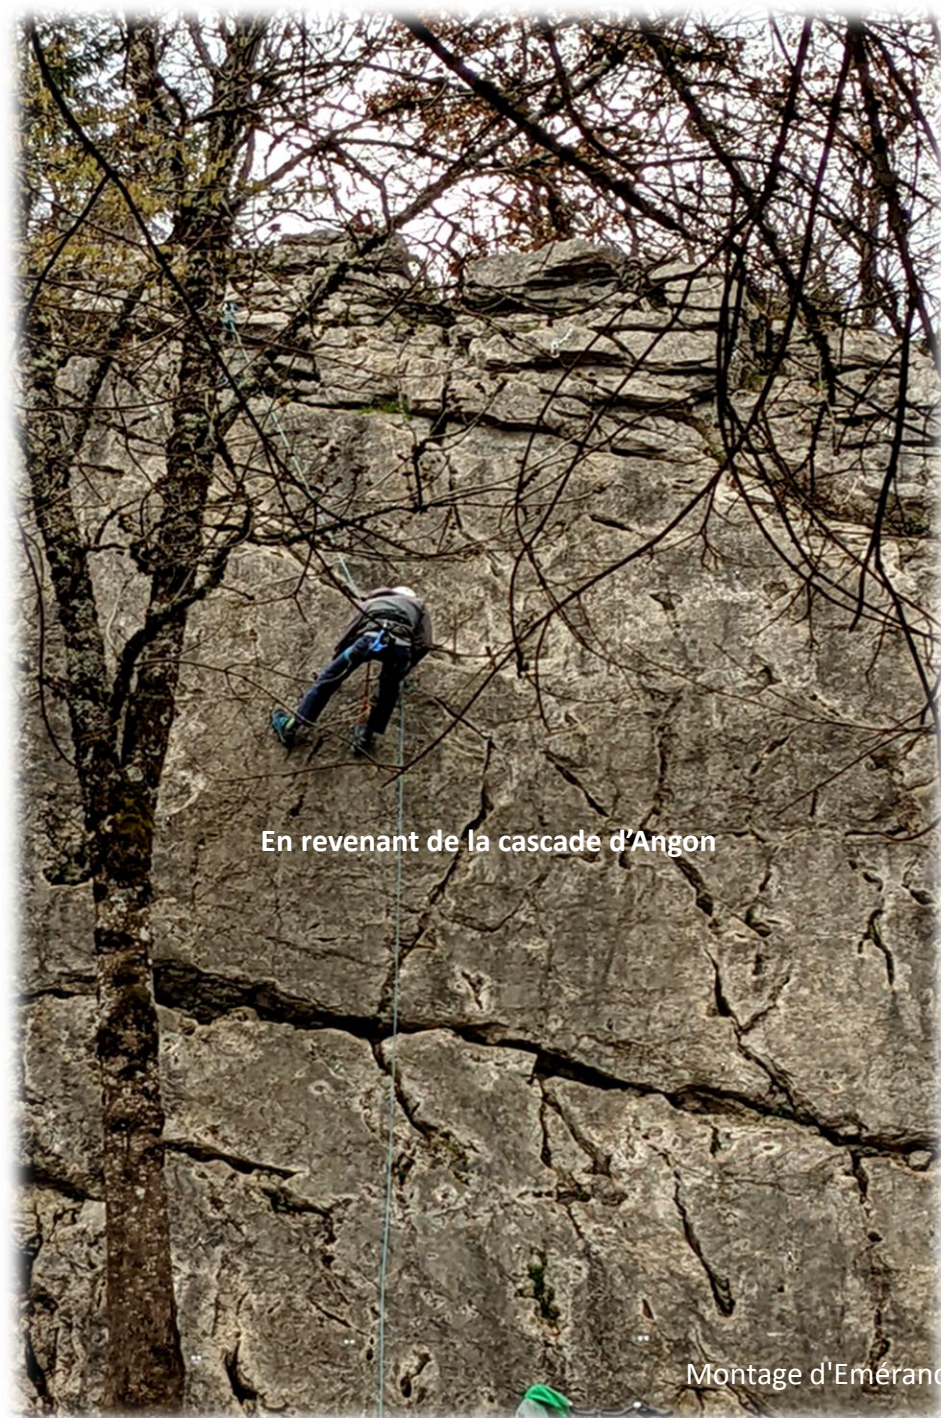

A scenic view of a lake with a castle on an island, seen through a wooden railing and trees. The foreground is dominated by a wooden railing made of two horizontal logs and vertical posts, set against a backdrop of trees with yellow and green foliage. The lake is a deep blue, and the castle on the island is a prominent feature. In the distance, a town is visible on the shore. The overall scene is a beautiful landscape view.

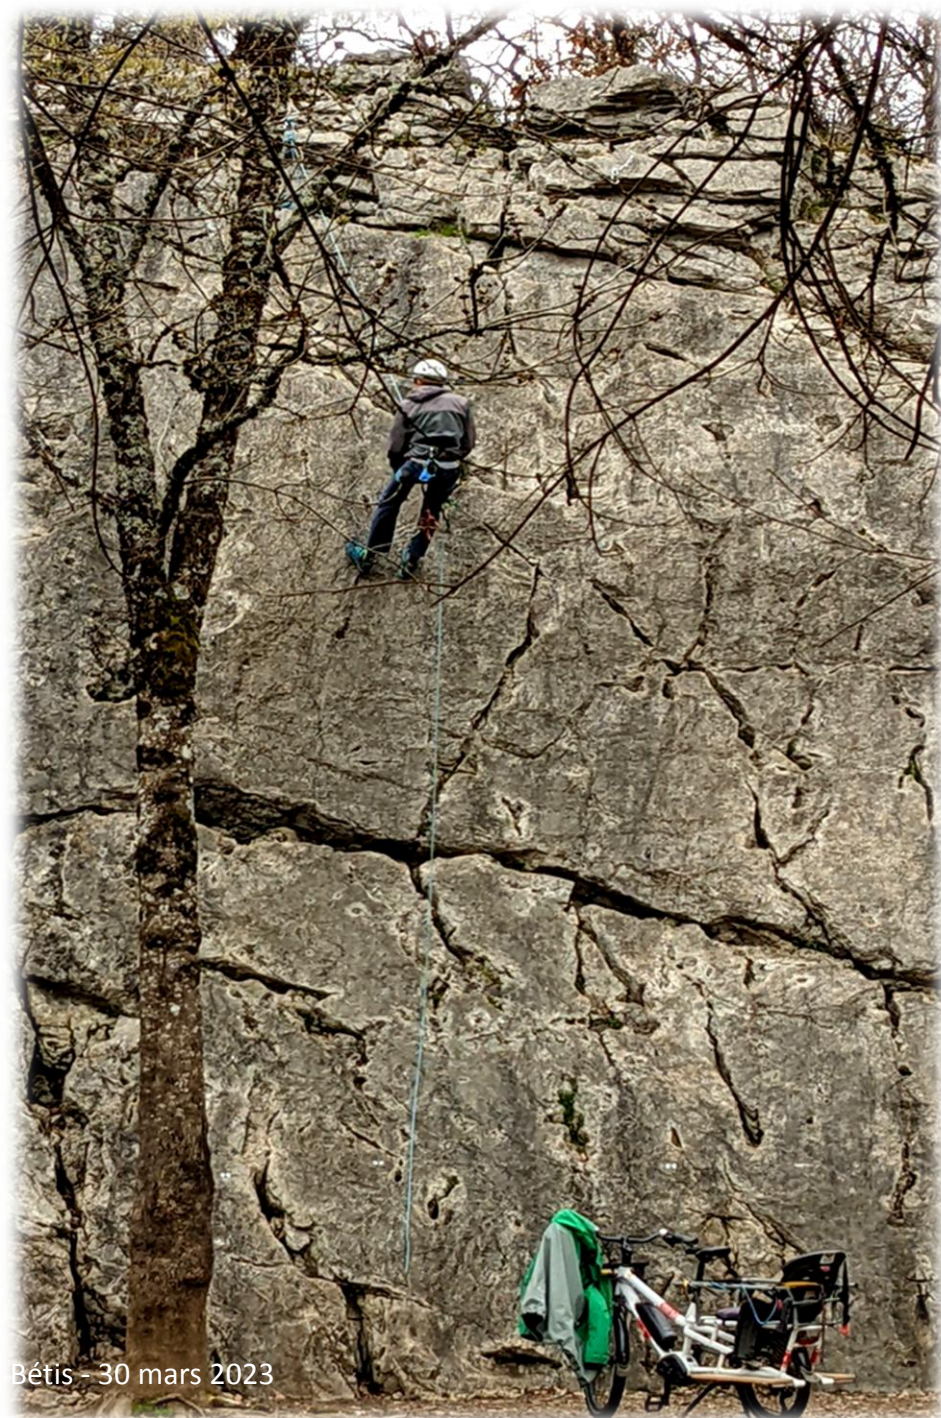

**Point de vue sur  
le château de Duingt**
