q i f r a e u

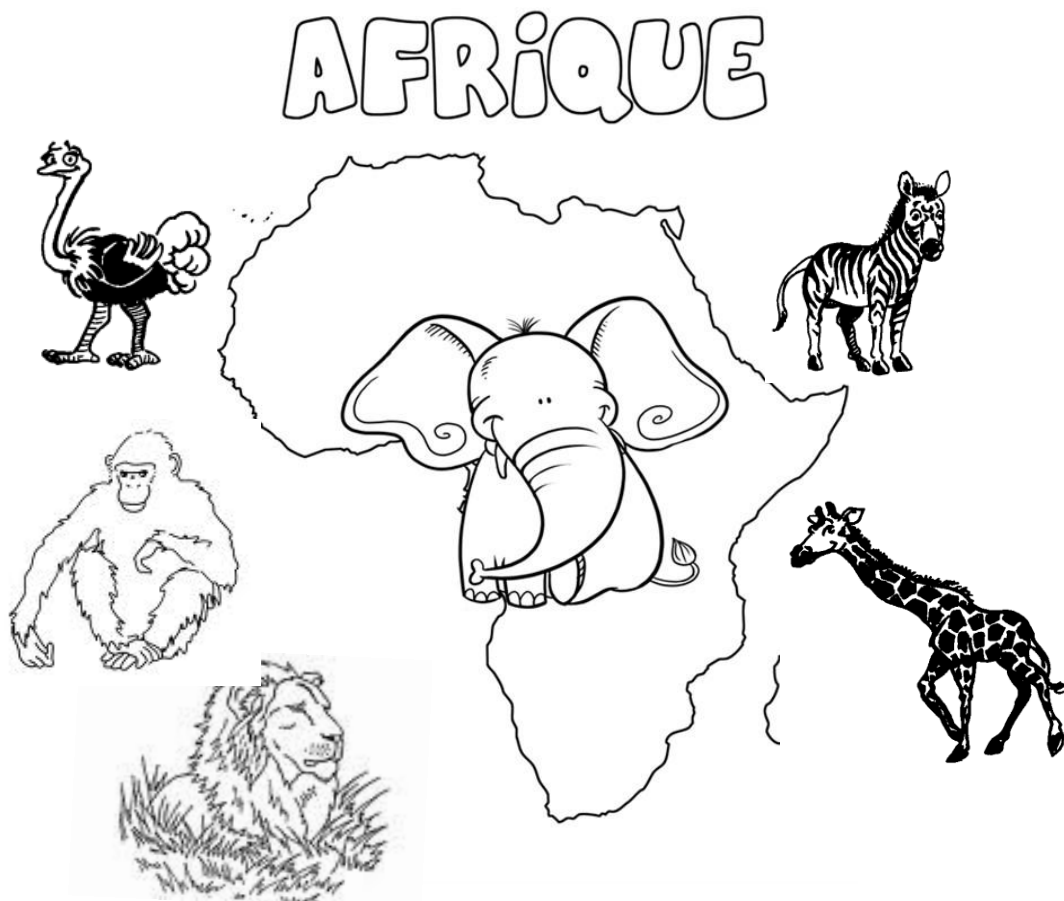

Afrique

L' Afrique est un continent où vivent de nombreuses personnes et de nombreux animaux.

En Afrique les animaux vivent dans la savane et sont parfois différents de ceux de la jungle asiatique.

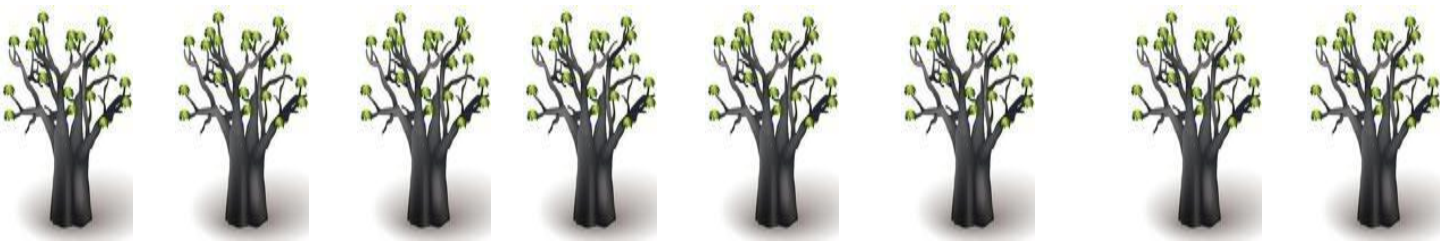

Ainsi l'éléphant d'Afrique se distingue de l'éléphant d'Asie.

L'Afrique est un continent où il fait chaud.

Consigne 1: Aide le singe à descendre le long de la liane.

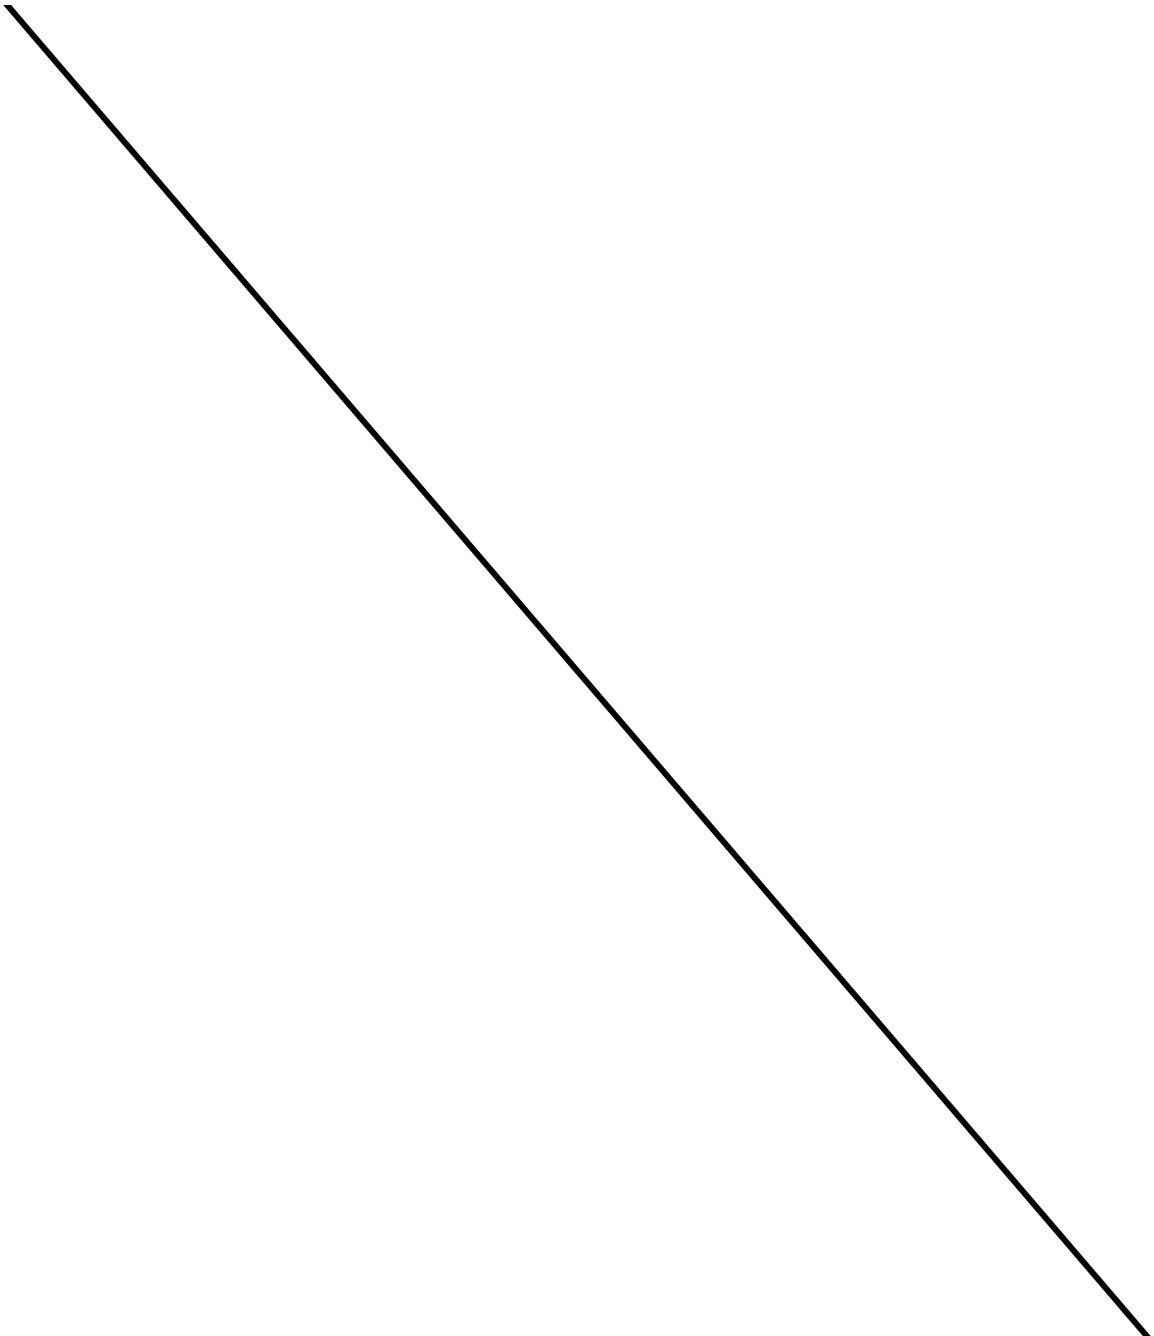

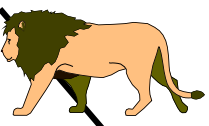

LOGIQUE: les
ALGORITHMES

Consigne 1: Poursuis l'algorithme des animaux.

PRELECTURE:
discriminer un mot
dans deux
écritures

Consigne 1: Relie les mots identiques.
