

CALCUL MENTAL

The background of the image is a light gray gradient. It is filled with various mathematical symbols and numbers, including pi (π), infinity (∞), percent (%), hash (#), dollar sign (\$), percent sign (‰), and numbers like 1, 2, 3, 4, 5, 6, 7, 8, 9, 0. These symbols are rendered in different colors: yellow, orange, red, pink, purple, and blue. They are scattered across the page, some appearing as outlines and others as solid colors, creating a complex, abstract pattern.

en s'aidant des tables d'addition

$$143 + 6 + 17 + 44 =$$

The diagram illustrates the addition of four integers: 143, 6, 17, and 44. A red arc connects the 3 and 7, with the number 10 written above it. A blue arc connects the 6 and 4, with the number 10 written below it.

$$134 + 28 + 6 + 12 =$$

$$36 + 127 + 4 + 13 =$$

$$315 + 14 + 36 + 5 =$$

$$197 + 250 + 3 + 750 =$$

$$175 + 123 + 25 + 7 =$$

$$206 + 113 + 44 + 7 =$$

$$8 + 45 + 105 + 132 =$$

$$436 + 9 + 104 + 21 =$$

$$102 + 8 + 26 + 24 =$$

$$12 + 158 + 103 + 7 =$$

CORRECTION
