

## Ornament Advent Calendar

Count down to Christmas with this easy to make advent calendar. Simply print out the templates on white card stock, then cut out each piece with scissors or a sharp blade. Fold up the sides and fill each paper ornament with treats and surprises. Then tuck the tabs into the slots, punch a hole and tie with a ribbon. You can then string the ornaments along a ribbon to hang like a garland, or if you're an early bird, you can hang them on your tree as ornaments.
