Program's details

The workshop will take place in two parts.

First stage : From tuesday 27 october to sunday 1 novembre 5 pm
FREE TIME on monday 2 tuesday 3 november...

Second stage : From wednesday 4 to sunday 8 november 5pm

The building of the house will have started BEFORE the camp yet allowing every participant to take part in each stage of the construction. However we cannot guarantee a precise timing regarding activities, topics. I will be essentially dependant on the number of participants and other conditions like weather etc. We shall try though to follow the following plans :

CONSTRUCTION PLANS :

- *Little theory about chosen plans, material, techniques...*
- *Basement, stone, lime, sand*
- *Foundations with pipes / drains installation*
- *Wooden structure of the house*
- *Spaces for windows and doors (wooden framework..)*
- *Placing pipes allowing a future rocket mass heater:)*
- *Roof insulation (corn's cob or straw+ waterproof membrane)*
- *Roof covering (green roof or tiles ? Still under study)*
- *Filling up the walls with straw bales (wooden structure technique)*
- *Water network (supply + grey water disposal)*
- *Electric network*
- *Lime or earth concrete , which will be poured on layers of stones*
- *Partitions (wattle & daube / cob type)*
- *Bath room, ecological toilets.*
- *Walls covering with mud plaster (inside) lime plaster (outside)*
- *floor covering with earth and marble*
- *Ceiling (later)*
- *Grey water treatment and disposal through soil, to the outside*

Practical Information

What YOU will have to bring for your stay :

- your tent, a camping mat, maybe two !
- sleeping bag or bed linen according to season + pillow case
- sun protection (specially spring summer) : hats, creams, sunglasses, clothes to fully cover your body, scarfs, shawls...
- comfortable clothes for yoga classes (if you wish!)
- clothes and shoes suitable for works outside
- possibly mosquito repellent cream (not so many mosquitos though :o)
- **torch (rechargeable or with batteries)**
- **watch/ alarm clock – possibly autonomous**
- rain coat (good idea to check weather forecast!)
- material for study
- personal items for the length of your stay (may include swimming costume... in case...:)
- please try to bring ecological soap/ shampoo

What the FARM will provide :

- bedding : one blanket, one pillow.
- yoga equipment: cotton mats, blankets, cushions.
- work equipment: gloves, tools.
- recharging facilities for torches.
- documentation related to the studies and construction

The life in Yunus Emre farm is very simple, it is a « yogic life » without anything artificial.
Comforts are those of Nature, neither too much nor too little.
Just the essentials.

It is THANKS TO such a SIMPLICITY that the atmosphere in the farm is so special.

Please READ CAREFULLY the article «Yunus Emre farm's guidelines » [HERE](#)

- ◇ showers are open air (cold only :o)
- ◇ dry toilets in some places, (save drinking water and produce good manure)
- ◇ lighting is limited for we have the stars and moon at night
- ◇ there is very little noise so we can listen to silence
- ◇ a smoking area will be designated, as respect towards the place and other people ..
- ◇ there will be neither alcohol (even wine) and no drug consumption
- ◇ use of mobile phone, computers and tablets will be restricted.
- ◇ likewise, photos will be taken by one or two participants and shared afterwards. *If YOU wish to be one of the “photographer”, let us know!*
