

Je partage en 2 parts égales

Partage les bonbons sachant que Julien veut la même chose que David !

Julien

David

$$10 : 2 = \dots\dots\dots$$
$$\frac{1}{2} \text{ de } 10 = \dots\dots\dots$$

$$\dots\dots\dots + \dots\dots\dots = 10$$

**Lorsque je partage en deux parts égales, je dois former deux paquets contenant la même chose.
On appelle cela diviser en 2 (: 2).**

Exercices

Partage les cubes en 2 parts égales : colorie de deux couleurs différentes.

.....

.....

.....

.....

Calcule

$0 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 0 = \dots\dots\dots$

$2 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 2 = \dots\dots\dots$

$4 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 4 = \dots\dots\dots$

$6 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 6 = \dots\dots\dots$

$8 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 8 = \dots\dots\dots$

$10 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 10 = \dots\dots\dots$

$12 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 12 = \dots\dots\dots$

$14 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 14 = \dots\dots\dots$

$16 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 16 = \dots\dots\dots$

Je partage en 2 parts égales

(2 dizaines)

$$2 \text{ D} : 2 = 1 \text{ D}$$

ou

$$20 : 2 = 10$$

(3 dizaines)

$$3 \text{ D} : 2 = 1 \text{ D} + 5 \text{ U}$$

ou

$$30 : 2 = 15$$

Calcule

$10 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 10 = \dots\dots\dots$

$20 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 20 = \dots\dots\dots$

$30 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 30 = \dots\dots\dots$

$40 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 40 = \dots\dots\dots$

$50 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 50 = \dots\dots\dots$

$60 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 60 = \dots\dots\dots$

$70 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 70 = \dots\dots\dots$

$80 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 80 = \dots\dots\dots$

$90 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 90 = \dots\dots\dots$

$100 : 2 = \dots\dots\dots$

ou

$\frac{1}{2} \text{ de } 100 = \dots\dots\dots$
