Navajo Lake State Park is New Mexico's second-largest lake with a more than 15,000-acre capacity and offering the full gamut of water sports and services.

Three separate recreation areas comprise Navajo Lake State Park. Pine River, the most developed area along the lake, includes a visitor center with interpretive exhibits. Sims Mesa is across the lake, accessible by NM 527. The San Juan River area below the dam is world renowned for excellent trout fishing and includes wheelchair-accessible fishing facilities.
