#### Text 2 :

Congo Square in New Orleans is the exact birthplace of jazz. It was the only place in America where slaves were allowed to come and share African rhythms and traditions. New Orleans was the only place in the United States where slaves were allowed to own drums.

Jazz is a mix of African and European traditions. In New Orleans jazz you can often hear the trumpet, the clarinet and the trombone driven by the rhythm of piano, guitar, banjo, bass and drums. Louis Armstrong remains one of the most famous and influential jazz musicians of all times. He was born in New Orleans in 1901. His song "What a Wonderful World" is known all over the world.
