

Day 1

INCREDIPOP POPCORN

Ingredients

- ☐ ½ cup unpopped popcorn kernels
- ☐ Approximately 3 T. cooking oil
- ☐ ¼ cup melted butter
- ☐ Salt

Creation Cooler Ingredients

- ☐ Any bright-colored drink, 1 quart for every 5 children

Basic Supplies

- ☐ Small white lunch sacks or red-and-white popcorn bags, 1 per child
- ☐ Measuring cups
- ☐ Tablespoon
- ☐ Large saucepan with lid and bowl
- ☐ Napkins and cups for serving, 1 per child
- ☐ Drink pitchers or coolers
- ☐ Stirring spoon

Pre-Prep

1. Cover the bottom of the large saucepan with cooking oil. Heat the oil on high heat and add the popcorn. Put the lid on and shake frequently, especially when popping begins. When popping is mostly done, remove from heat and pour into a large bowl. Pour melted butter over it if desired, and toss to coat. Salt to taste.
2. Prepare the drink according to package directions.

Teaching Tie-In

Pray for the snack. As everyone munches, say:

Who knows on what day God created plants? Day Three. God designed plants so they'd each have an amazing variety of ways they can be used. One plant we use is corn, from which this popcorn comes. Corn is used in lots of foods. But did you know corn is also used in these products? Penicillin, aspirin, auto wheels, dry cell batteries, chewing gum, cosmetics, crayons and chalk, disposable diapers, fuel ethanol, latex paint, livestock feed, cardboard, carpets, shaving cream, toothpaste, wallpaper, paper plates, and even paper cups, like we are using, not to mention hundreds of other products. So as we eat our popped corn, remember that God is so incredible to have designed every plant and has given people the ability to discover so many uses for them.

Day 1: IncrediPop Popcorn

Class Time Directions

Children can scoop their popcorn from the large bowl into their popcorn bags.

Tip Corner

- Popcorn is a choking hazard for children under four, so don't serve it to the toddlers.
- Each ½ c. of unpopped corn yields about 12 one-cup servings.

- Striped popcorn bags or boxes can be found online through Oriental Trading Company or at food service/restaurant supply stores.
- Drink boxes or water bottles can be used any day this week if you prefer drinks that do not require cups and preparation.

Super Simple Idea

- Buy already popped bags of popcorn in the snack aisle at the grocery store.

DAY 1 OVERVIEW

Creation Day: Back to the Beginning

Bible Passage	Apologetics Content	Memory Verse
Genesis 1–2:3	How long ago was the time when time began?	Exodus 20:11
Echo Phrase	Incredibles	Contest
In six short days, everything was made!	EXTREME! Extreme animals (Rex the <i>T. rex</i>)	Guess Your Birthday
Craft Cove	Concession Stand	Midway Games
Wonder Wheel	IncrediPop Popcorn	In the Beginning Tag Creation Relay
