

Vers la multiplication ...

Ecris deux additions différentes qui te permettent de trouver combien de fraises il y a :

$$\underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

Relie chaque collection aux 2 écritures qui conviennent :

- $2 + 2 + 2 + 2$
- 2×5
- 2×4
- $6 + 6 + 6$
- $5 + 5$
- 6×3

Barre les opérations qui ne correspondent pas au schéma :

$$2 \times 5$$

$$7 \times 3$$

$$3 + 3 + 3 + 3 + 3 + 3 + 3$$

$$5 + 5 + 5 + 5 + 5$$

$$1 + 20$$

$$3 \times 7$$

$$7 + 7 + 7$$
