

Papa, maman, faites-moi jouer avec mon album à compter !

Combien y a-t-il de... ?

Je retrouve la page, et je dis combien il y a d'animaux.

Y a-t-il plus de ou de ... ?

Y a-t-il moins de ou de ... ?

Quel animal est rencontré ... fois ?

Je cherche la page correspondant à la quantité demandée et je nomme l'animal rencontré.

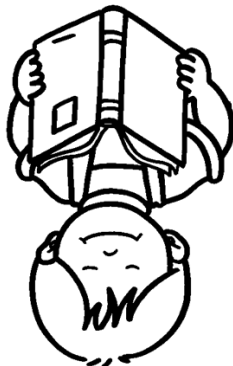

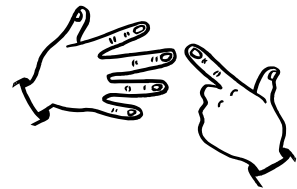

Combien y a-t-il d'animaux sur la page d'après ? d'avant ?

Je prends une page, et je devine la quantité qui vient après (ou avant).

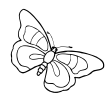

Sur telle page, combien de papillons ne sont PAS coloriés ?

Montre moi autant de doigts qu'il y a de ...

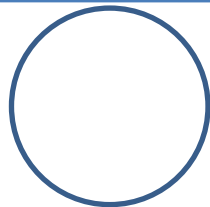

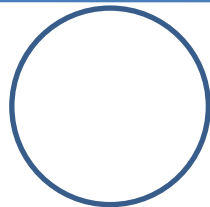

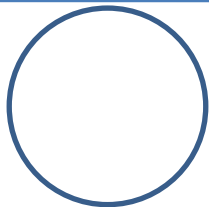

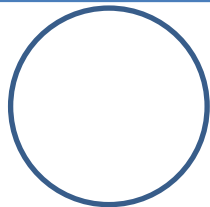

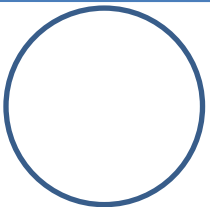

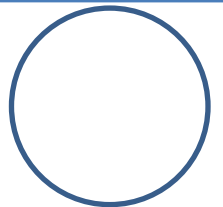

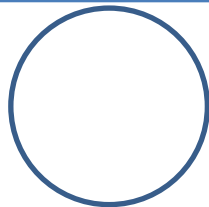

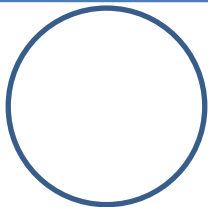

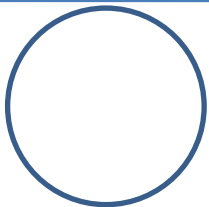

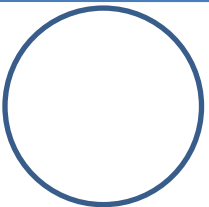

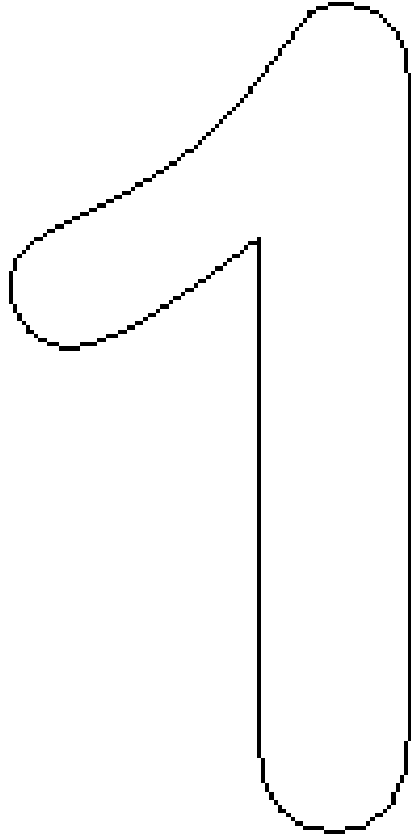

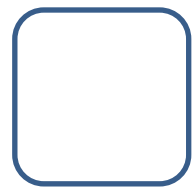

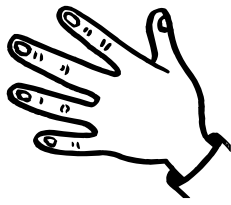

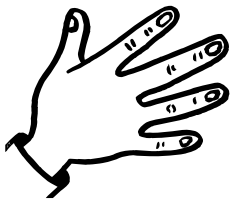

Je lis mon livre à l'envers.

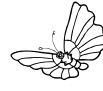

Je pars de la dernière page et je devine chaque fois le nombre d'avant.
