# God Made Light

Storyline **Shirley Ann Freed**  
Illustrations **Steven Butler**

God looked at the earth.  
The earth was dark.

God wanted to plant trees and flowers,

but trees and flowers can't grow in the dark!

God wanted to create birds and fish,

but birds and most fish can't live in the dark.

God wanted to create animals and people,

but most animals and people don't live  
in the dark. So God made light.

# God Made Light

# Literature Connection

Read aloud about the first day of creation from  
Genesis 1:1-5.

## Conversation Starters

Describe the earth after the first day of creation.

Besides light, what else do living things need to grow?

God made light just by speaking. What does that tell us about God?
