

CROCODOSIGNES

Ces deux crocodiles s'ajoutent.

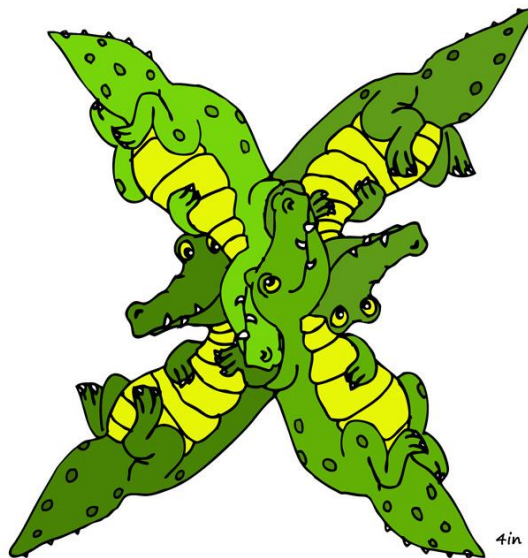

$$6 \text{ } \img alt="small crocodile icon" data-bbox="338 698 462 844" \text{ } 2 = 8$$

Regarde ce crocodile, il te fait signe.

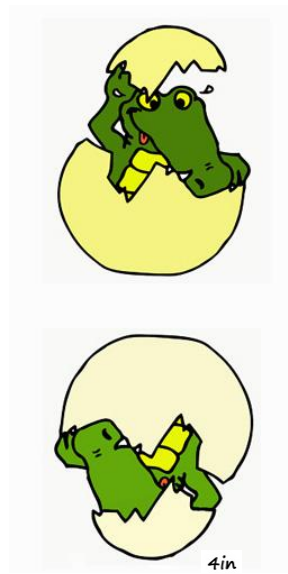

Il faut reculer !

$$6 \text{ } \img alt="small green crocodile" data-bbox="315 775 458 840"/> \text{ } 2 = 4$$

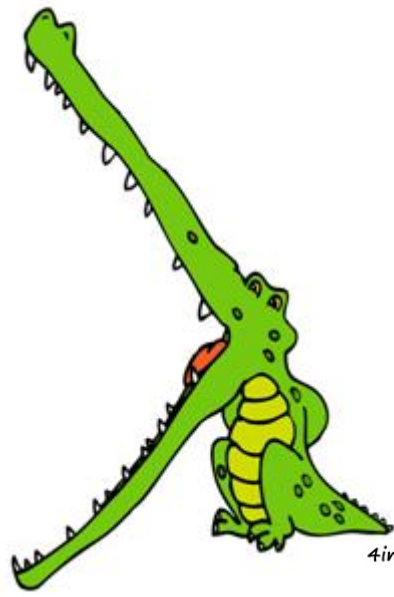

Ces crocodiles tous emmêlés
forment un joli paquet.

$$3 \times 2 = 3 \text{ paquets de } 2$$

Pour contenter nos nouveau-nés,
il va falloir tout partager.

$$6 \begin{array}{c} \img alt="dinosaur hatching from egg" data-bbox="188 764 231 841"/> \\ \img alt="dinosaur hatching from egg" data-bbox="188 858 231 935"/> \end{array} 2 = 6 \text{ partagé en } 2$$

Ce croco est très gourmand, il
mange toujours le plus grand.
