

CALCULS : la soustraction posée, sans retenue

Observe la soustraction en colonnes, puis barre les dizaines et unités en trop sur le dessin. Ecris les résultats.

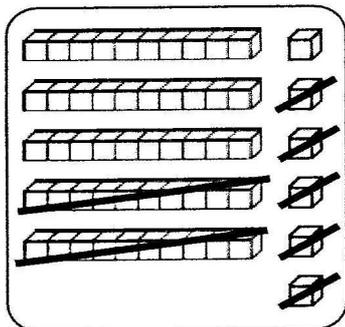

$$\begin{array}{r} \text{d u} \\ 43 \\ - 21 \\ \hline \dots \end{array}$$

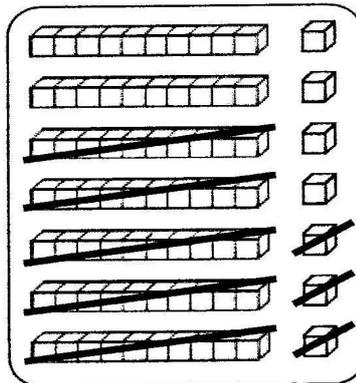

$$\begin{array}{r} \text{d u} \\ 65 \\ - 34 \\ \hline \dots \end{array}$$

Observe le dessin, puis écris la soustraction représentée et calcule-la.

$$\begin{array}{r} \text{d u} \\ \dots \\ - \dots \\ \hline \dots \end{array}$$

$$\begin{array}{r} \text{d u} \\ \dots \\ - \dots \\ \hline \dots \end{array}$$

Calcule.
