

Complète la grille ci-dessous et tu verras apparaître un nouveau mot dans les cases jaunes :

The crossword puzzle grid consists of the following structure:

- A vertical column of 4 cells.
- A horizontal row of 7 cells, with the middle 5 cells highlighted in yellow.
- A vertical column of 3 cells starting from the second cell of the horizontal row.
- A vertical column of 2 cells starting from the fourth cell of the horizontal row.
- A vertical column of 2 cells starting from the fifth cell of the horizontal row.
- A vertical column of 1 cell starting from the sixth cell of the horizontal row.

Clues and icons:

- Top: A television icon with a downward arrow pointing to the top cell of the 4-cell vertical column.
- Left: A blue truck icon with a downward arrow pointing to the second cell of the 3-cell vertical column.
- Left: A math problem
$$\begin{array}{r} 15 \\ +7 \\ \hline 22 \end{array}$$
 with a downward arrow pointing to the second cell of the 3-cell vertical column.
- Right: A pink airplane icon with a downward arrow pointing to the top cell of the 2-cell vertical column.
- Right: A yellow chess pawn icon with a downward arrow pointing to the top cell of the 2-cell vertical column.
- Center: A lion icon positioned between the 3-cell and 2-cell vertical columns.
