1. INTRODUCTION

The Team Bmx Verona club and the city of Verona are proud to welcome you to the BMX Olympic Arena for the third year in a row, after the 2016 UEC BMX European Championship and the 2017 European Cup.

2. CIRCUIT BMX OLYMPIC ARENA VERONA

The BMX Olympic Arena Verona facility features a SX combo track incorporating both an 8mt SX start hill for Championship classes and 5mt start hill for Challenge classes.

The SX track is ab. 450mt long, while the regular track is ab. 380mt .

3. THE CITY OF VERONA

Known as “The city of Romeo and Juliet”, Verona is among the top 10 most visited Italian cities.

Located at only 30km from Lake Garda, Mount Baldo range and Lessinia Natural Park, Verona is the perfect location for an active and cultural holiday.

Verona is a splendid city of art, surrounded by the traces of its ancient history, splendid in its mythical dimension bestowed upon it by the Shakespearean tragedy of Romeo and Juliet.

Roman ruins, medieval vestiges, Venetian and Austrian traces can be seen all across the city, as well as antique palaces, squares, bridges and wonderful churches.

Elegant cafés and ancient osterie (typical inns of the Veneto territory), craftsman shops and high couture shops enliven city life all year long. Verona is a man-sized city which fascinates visitors with its elegance and its welcoming atmosphere, in which ancient and modern times meet.

The city's past centuries of history and its past splendour are witnessed by its architectural and artistic masterpieces; its culture and art are well renowned on a national and international level. For this reason, in the year 2000 Verona was recognized as a UNESCO World Heritage Site.

6. RULES

The provisions of the UCI's BMX Rulebook in its latest version apply with a few amendments:

- All Championship categories are seeded according to the current UCI Individual ranking. The event on the second day is seeded using the Final Classification of the event on the first day;
- For all Challenge categories scrambled seeding is used for the motos.
The number of heats during the Motos and the number of riders in each such heat shall be determined as per Annex 1, based upon the number of riders entered and confirmed in the category following riders confirmation. Likewise, the number of riders who will transfer from the Motos into the Qualifiers or the Final (whichever the case may be), is chosen according to Annex 1. However, the riders are randomly distributed through these heats, such that the heats are not the same within each of the three Rounds of the Motos (source: UCI Rulebook article: 6.1.027quater).
For more explanation of the scrambled moto and transfer system please refer to UCI Rulebook article 6.1.033
- Rider's equipment:
 - The use of interlocking pedal-cleat systems is allowed for categories 13 years and over.
 - All riders receive a number plate and side plate from UEC at registration of the UEC BMX European Cup Race. In all UEC sanctioned BMX events a rider must display the number plate and side plate assigned to him. A rider who fails to display the correct number plates will be refused their start, or relegated, if it is noticed after beginning a heat or run.
 - all Championship and Challenge riders must either wear a clearly visible national flag of their country on both shoulders or the national jersey of their country otherwise they will not be allowed to start.
If a Championship rider is National Champion in their class, this rider must wear either:
 - o the jersey awarded by the federation,
 - o a replica of that jersey with publicity in the spaces allowed by the regulations,
 - o their normal jersey with the left sleeve designed to look like the flag of their country.
- When an 8 meter start hill is available, this start hill will be used by the Championship Classes. In case of bad weather conditions the UEC technical delegate and UCI PCP can decide in consultation with the riders to use the 5m starting hill, for safety reasons.
- Number of motos: in case of special conditions (weather, wind or else) or a high number of participants, the UEC BMX Commission allows the PCP in agreement with the UEC Technical delegate to reduce the number of motos. This can only apply for challenge classes and never for championship classes.
- Team Managers meeting will be on Friday 23th March at 16:00.
The participation is mandatory for:
 - max. 1 National Delegate (Chef d'Equipe)
 - max. 1 Team Manager of the UEC registered team
 - personal coaches with UEC accreditationIf necessary, the UEC Technical delegate and PCP can decide to call for other meetings during the event.
