Dessiner un chat à la manière de Romero Britto

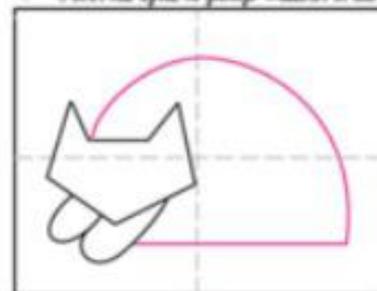

1 Tracer des lignes de guidage. Dessiner le tête.

2 Dessiner deux oreilles de chat, comme celles-ci.

3 Dessiner deux pattes.

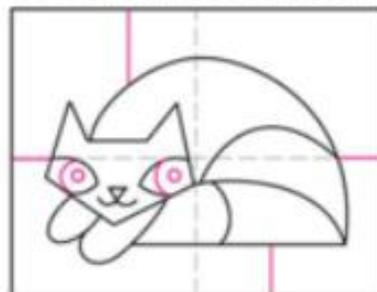

4 Dessiner un grand demi-cercle pour le corps.

5 Dessiner trois lignes courbes comme sur le modèle.

6 Dessiner le contour des yeux.

7 Dessiner l'intérieur des yeux et tracer les lignes.

8 Finir la forme. Puis dessiner les détails. C'est important de faire un marqueur avec les traits de couleur.
