

Compétence - restituer les tables de multiplication de 1 à 9

Evaluation calcul mental - les multiplications

Ex 1 : Résous les multiplications suivantes sans poser (...../7)

$6 \times 3 = \dots\dots\dots$ - $8 \times 4 = \dots\dots\dots$ - $9 \times 9 = \dots\dots\dots$ - $4 \times 5 = \dots\dots\dots$ - $9 \times 7 = \dots\dots\dots$ - $9 \times 5 = \dots\dots\dots$ - $8 \times 8 = \dots\dots\dots$
 $7 \times 7 = \dots\dots\dots$ - $7 \times 3 = \dots\dots\dots$ - $8 \times 6 = \dots\dots\dots$ - $4 \times 2 = \dots\dots\dots$ - $5 \times 7 = \dots\dots\dots$ - $6 \times 7 = \dots\dots\dots$ - $6 \times 6 = \dots\dots\dots$

Ex 2 : Multiplie par 10, 100, 1 000 ou ses multiples (...../3)

$7 \times 100 = \dots\dots\dots$ - $21 \times 10 = \dots\dots\dots$ - $47 \times 1\,000 = \dots\dots\dots$ - $6 \times 30 = \dots\dots\dots$ - $9 \times 200 = \dots\dots\dots$ - $4 \times 300 = \dots\dots\dots$
