# Great Ideas to Help You

## Colorful Canopies

Set up simple canopies for your shops or Synagogue School. Hang solid-colored sheets from the top of the canopies. You can even tie the sheets around the "legs" of the canopy with strips of colorful cloth.

## An Awesome Ark

It's easy to create a special place for your Torah scroll. Cut two pieces of richly colored material to make curtains, then hem the top and bottom. Slide the curtains on a tension rod. Remove the shelves from a small bookcase and slip the tension rod inside the top of the bookshelf.

## Torah Scroll

To create an authentic Torah scroll, just use curtain finials to roll non-tear scroll paper (see page 29).

## All is Well

Stack rough-looking cinder blocks around a plastic bin or child-sized swimming pool to make a well in the center of your Jerusalem Marketplace. (You'll fill the plastic bin with jugs of water for Tribes to drink!)

## Goodies to Gather

Collect a variety of pottery, baskets, plastic fruit, and dried grasses or wheat. Place baskets and pottery near shops and at the well; allow your actors to use them as props.

# Step Back in Time

## A Marketplace Menagerie

A few farm animals add sights, sounds, and smells to your Jerusalem Marketplace. Provide an area where families can pet or feed animals such as donkeys, sheep, llamas, or goats.

## Living Decorations

Think of your costumed staff as walking decorations, showing everyone what it was like to live in Bible times. Encourage staff to wear robes, tunics, head-coverings, and sandals as they play their parts at Jerusalem Marketplace.
