Titre : **Season's Greetings roots grove** Copyright © Dépôt texte et musique

Paroles :

Leave me
And don't you come back no more
Sometimes love is a killer
And you are killing me
Every time you leave me
You leave me

I believe
There is no happy ending
When love doesn't mean anything
Seasons' Greetings
Have a happy new live
But don't you tell me
That you love me
That you love me

I've cried all night long
For your call to me
I've prayed for you to return to me
And hold me in your arms
Tonight I know when I'll see you
I'll forget all the things you do to me

In my life
There will be no happy ending
If love just won't mean anything
Season's Greetings
Have a happy new life
And don't you tell me
That you love me
That you love me

I've cried all night long
For your call to me
I've prayed for you to return to me
And hold me in your arms
Tonight, I believe

I've prayed for you to return to me
And hold me in your arms
Tonight
