

Règlements du jeu

Trouve la paire

Zazou468 <http://laclassedezazou.eclablog.com>

Nombre de joueurs : 2

Matériel :

- cartes de dénombrement (2 exemplaires différents)

Règlements :

- 1- Ce sera un jeu coopératif où les 2 joueurs devront réussir leur mission avant que l'enseignante lance le signal de la fin.
- 2- Les joueurs étendent les cartes face vers le haut en prenant soin de ne pas mélanger les ensembles.
- 3- Puis, lorsqu'ils sont prêts, ils doivent réussir à former des paires de cartes contenant le même nombre d'objets.
- 4- Lorsqu'ils forment une paire, ils les déposent ensemble sur la table et poursuivent la course contre la montre.
- 5- Les joueurs remportent la partie s'ils parviennent à former toutes les paires avant que l'enseignante ne donne le signal de la fin.
- 6- Variante : si les élèves sont très rapides, on peut leur demander de noter leur résultat et ils devront essayer de battre leur propre record la prochaine fois.
