

## « Bonnet à soufflet »

### **Crocheted Brim (flat):** *(with USA terms, not UK)*

Foundation : Chain 9 stitches + 1 to turn,

Row 1 : 9 SC, chain 1 to turn

Row 2 : 1 SC, 7 SC in back loop only, 1 SC, chain 1 to turn.

Repeat these 2 rows until you get the length corresponding to your head circumference (most 55-60 cm).

### **Knitted Body (flat) :**

For a 58-60 cm head, pick 115 stitches along the crocheted band, and purl a row. Turn.

Huge increasing row : add evenly all along, 110 stitches to obtain 225 stitches total. Be aware if you used first another number of stitches because of gauge or whatever, you need to have a final number of stitches multiple of 9.

Knit right for 8 cm using this 2 rows chart :

+ = knit -- = purl

	+	+	+	+	+	--	+	+	+	Row 1 (RS)
Row 2	--	--	+	+	+	+	+	+	+	

(WS)

Green : the 2 stockinette stitches of the top of the “wave”

Red : 1 reverse stockinette of the bottom of the “wave”

Other stitches are garter stitch.

Decreasing : we're going to return to a "normal" number of stitches.

Row 1 (RS) : k1, \*k2tog tbl, p1, k2tog tbl, knit 4\*, repeat from \* to \* until 3 stitches remain, knit 3. You've got 88 stitches on the needles.

Row 2 (WS) : purl

Row 3 to 8 : garter stitch.

Row 9 (RS) : k13, k2tog tbl, k13, k2tog tbl, k12, k2tog tbl, k13, k2tog tbl, k13, k2tog tbl, k12, k2tog tbl.

Row 10, 12, etc. (WS) : purl

Row 11 (RS) : k12, k2tog tbl, k12, k2tog tbl, k11, k2tog tbl, k12, k2tog tbl, k12, k2tog tbl, k11, k2tog tbl.

Row 13, 15 etc. (RS) : continue to decrease the same way, until only 18 stitches remain on the needles.

Cut the yarn, and using a tapestry needle draw the thread to the 18 stitches to close the hat. Secure it.

Sew the side.

**Tada ! :-D**
