

X, voilà une drôle de lettre !

Le Xiou est au volant de son taxi.
Il conduit comme un fou en
klaxonnant: «kss! kss!»

A la fin des mots X est une lettre muette:

deux genoux

deux choux

deux hiboux

un fruit juteux

le houx

C'est faux!

un affreux grincheux

des bijoux

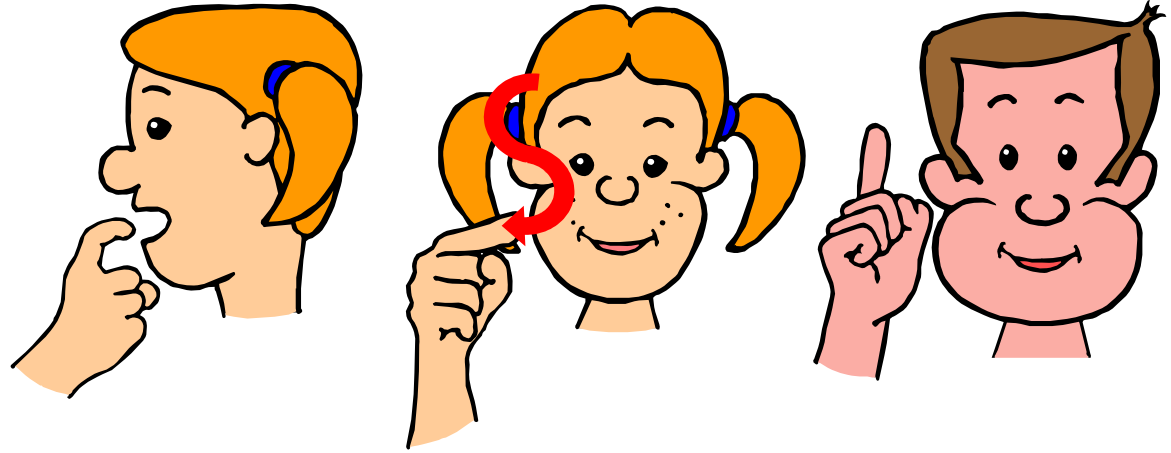

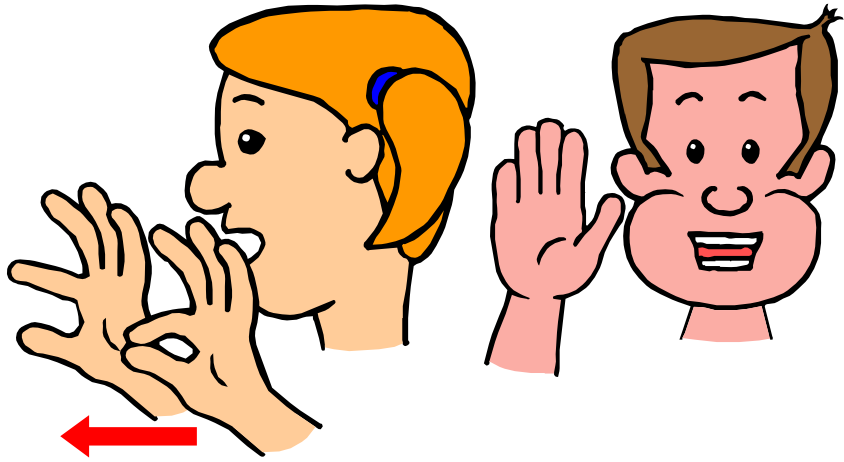

Tant mieux

Ailleurs, X fait deux lettres d'un coup

x → ks

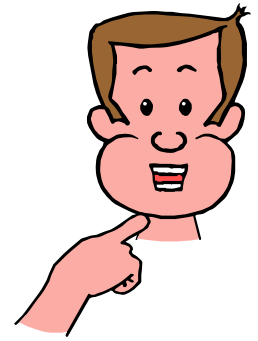

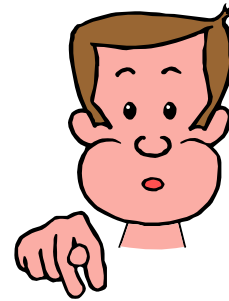

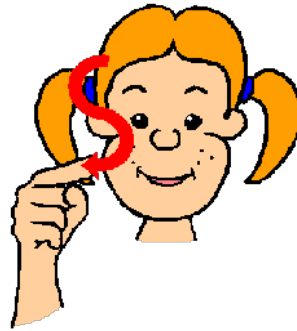

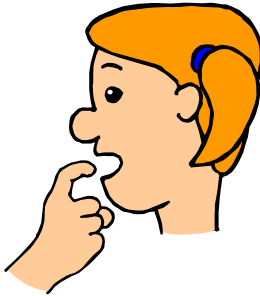

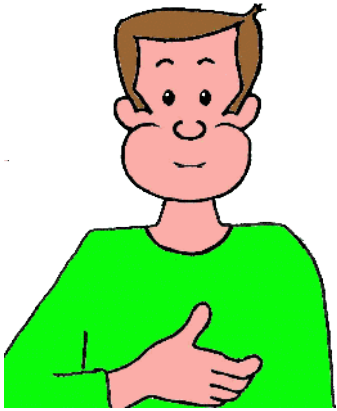

ex → èks

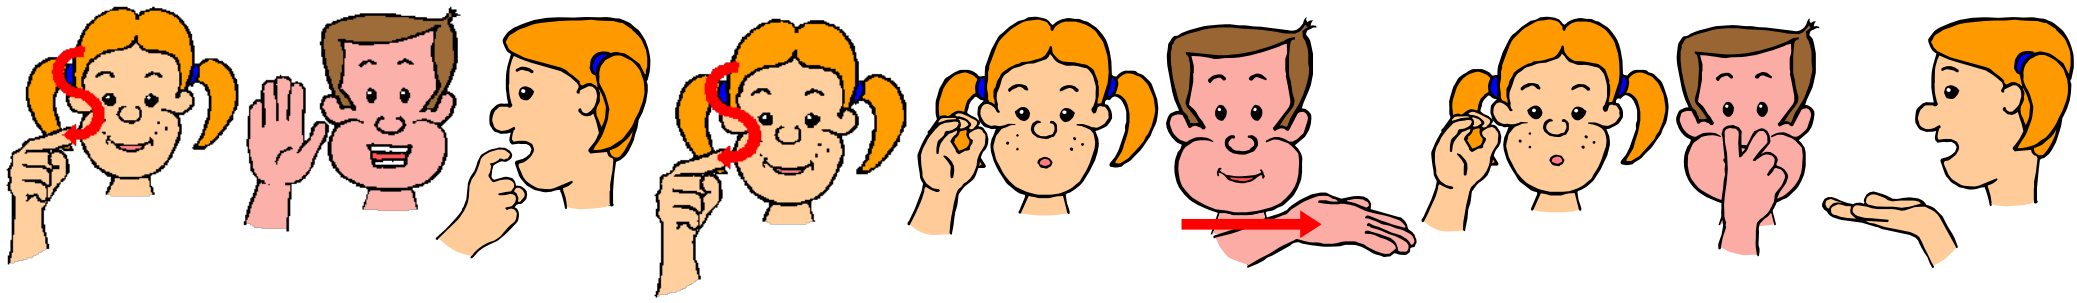

un taxi

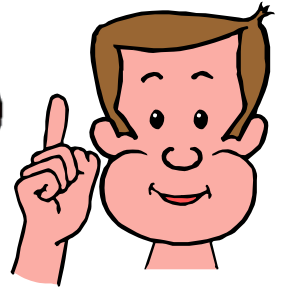

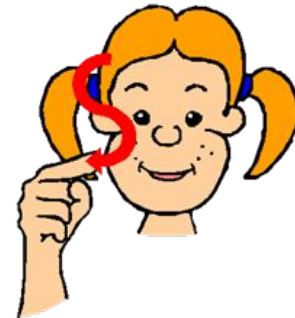

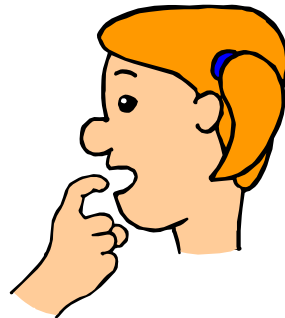

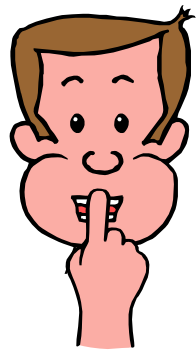

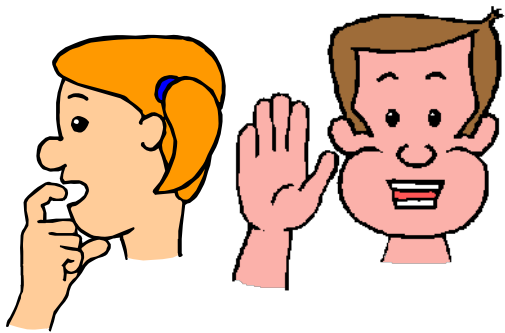

un boxeur

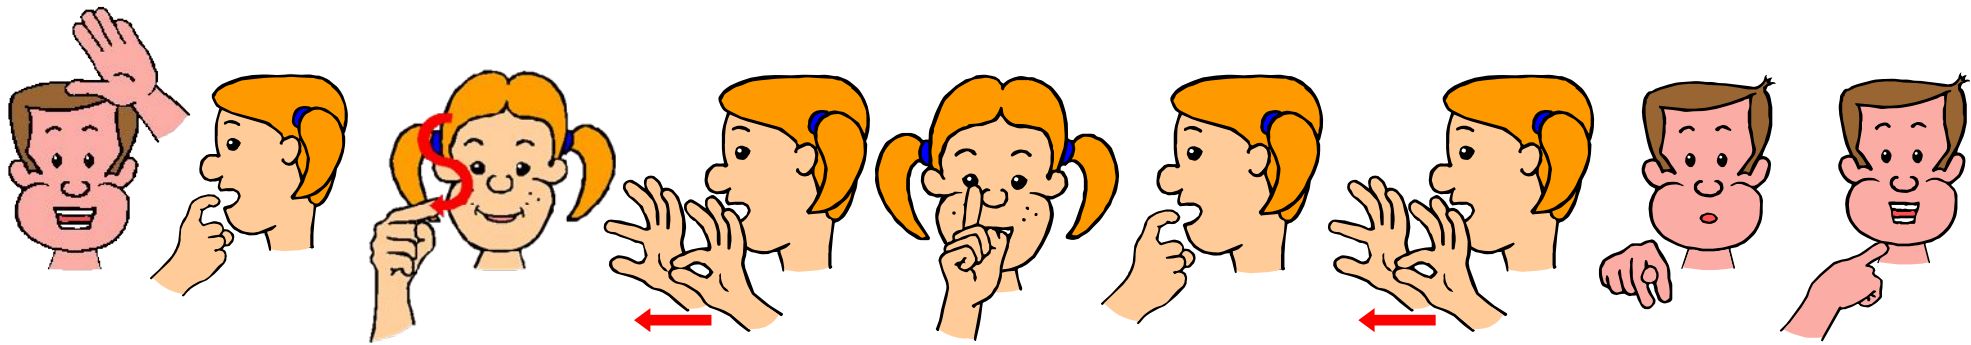

un saxophone

la galaxie

un extincteur

un boxeur

un saxophone

un extincteur

un mixeur

la galaxie

une excuse

une explication

de l'oxygène

fixer

le luxe

un klaxon

un texte

Quelque fois, X se met à chanter:

$ex \rightarrow \grave{e}gs$

un exercice

un exemple

C'est exact.
