

Complète chaque nuage en t'aidant des nombres déjà sur la ligne graduée.

Je calcule avec les dizaines:

$10 + 20 = \underline{\hspace{2cm}}$

$30 + 60 = \underline{\hspace{2cm}}$

$40 + 70 = \underline{\hspace{2cm}}$

$80 + 20 = \underline{\hspace{2cm}}$

$50 + 20 = \underline{\hspace{2cm}}$

$80 - 20 = \underline{\hspace{2cm}}$

$60 - 40 = \underline{\hspace{2cm}}$

$90 - 20 = \underline{\hspace{2cm}}$

$40 - 10 = \underline{\hspace{2cm}}$

$100 - 50 = \underline{\hspace{2cm}}$

Colorie les nombres plus grands que 80:
