

Two US aerobatic teams fly together

The US Navy Blue Angels and the US Air Force Thunderbirds came together on 2nd March to create a new flying group. Called 'Super Delta', it is formed with 12 airplanes.

DID YOU KNOW

The first aerobatic team in the world was created in 1931 in France ! It was later called the 'Patrouille de France'. The second oldest is the Blue Angels, formed in 1946.
