Charles St. Germain and Paul St. Germain
paulstgermain@hotmail.com

Dear Charles and Paul,

We'd like to extend our deepest thanks to you for the role you played in making this year's Autism Golf Ball – *Classic TV & Game Shows: Tune in to the Best Party in Town* – such an amazing success for Autism Nova Scotia (formerly the Provincial Autism Centre)! Your donations were certainly popular items at our silent auction table, and we thank you so much for being a supporter of Autism Golf Ball.

This year, we're thrilled to report that:

- You helped us raise over \$90,000 for Autism Nova Scotia
- Jo-Lynn Fenton was honoured with the 2011 Autism Green Jacket Award, presented by Ian Sutherland, a Partner at Stewart McKelvey
- Michael McCreary wowed the crowd with his hilarious stand up comedy
- The Chess Club had the room groovin' past midnight, with a special guest performance by the one and only Dutch Robinson!
- We launched our new name, Autism Nova Scotia, and an exciting new initiative - a jewelry line made by family, friends and people on the Autism Spectrum called ***The Promise of a Pearl***
- Throughout this amazing event, we were able to share good information about autism and the importance of support for individuals and families touched by Autism Spectrum Disorder.

We want to thank you so much for your silent auction gift. Your donation not only helps to raise much-needed funds for Autism Nova Scotia, but it also represents a visible demonstration of community support for the people that we serve.

As our motto says, support truly does mean success, and we hope you will support us again at Autism Golf Ball 2012.

Sincerely,

Cynthia Carroll, CFRE
