

Domaine de la Vivarié

THE LAVENDER ROOM

The symbolism of **lavender** is **devotion** and **purity**.

Traditionally, sprigs of lavender were placed in the hands of women in labor. Squeezing the fragrant bundles was said to give them strength and courage during childbirth. Lavender posies were given to newly-married couples to bring good luck and sprinkling dried lavender flowers in the home is said to bring **peacefulness**.

Description of the room :

- Maximum capacity: **4 persons**
