

► Colorie les cases ciblées par les flèches.

The image shows four 4x4 grids arranged in a 2x2 pattern. Each grid has a specific cell or cells targeted by a teal arrow:

- Top-left grid:** A teal arrow points to the top-middle cell (row 1, column 2). Another teal arrow points to the middle-left cell (row 2, column 1).
- Top-right grid:** Two teal arrows point to the top-middle and top-right cells (row 1, columns 2 and 4). Two teal arrows point to the middle-left and middle-middle cells (row 2, columns 1 and 2).
- Bottom-left grid:** A teal arrow points to the top-middle cell (row 1, column 2). Another teal arrow points to the middle-left cell (row 2, column 1).
- Bottom-right grid:** Two teal arrows point to the top-middle and top-right cells (row 1, columns 2 and 4). Two teal arrows point to the middle-left and bottom-left cells (row 2, column 1 and row 4, column 1).
