

Tableau de conversion : unités de longueurs

		km	hm	dam	m	dm	cm	mm
		1	0	0	0			
					1	0	0	

The table shows conversion factors between units of length. The first row shows 1 km is equal to 0 hm, 0 dam, and 0 m. The second row shows 1 m is equal to 0 dm and 0 cm. Blue arrows indicate the direction of conversion: one arrow points from the '1' in the first row to the '0' in the 'm' column, and another arrow points from the '1' in the second row to the '0' in the 'cm' column.
