

## A SCARY STORY

It's night in the village. The round moon shines in the sky.  
In the street, a big pot is warming up over a big fire.

A witch is reading the magical book.

Another witch is putting two pumpkins into  
the big pot.

A third witch catches two cats  
perched on a broom.

She puts them into the big pot.

They turn into two ghosts and fly about on their brooms.
