Dear Virtual Pianists,

Welcome to the August/September edition of Virtual Piano's Music Sheets. We will release new Music Sheets on the 15th of every month with updated songs. If you would like to add new songs or edit the existing ones, please write to admin@virtualpiano.net.

The current version at VirtualPiano.Net empowers you to experience the Piano on your computer - online. You don't have to download or install this application. Simply go to VirtualPiano.Net and use your computer keyboard to play the songs provided in this document!

This Rich Internet Application also aims to aid and enhance the musical experience of pianists and those who are interested in learning the Piano. It is also able to engage those individuals who may not have a piano or access to one, providing them with a tool to experience playing the piano. The current Version designed by CMAGICS is based on a 5 Octave Electronic Keyboard with 61 notes; 36 white, 25 black.
Enjoy playing the Virtual Piano.
