

$$\dots\dots + \dots\dots = \dots\dots$$

$$\dots + \dots + \dots = \dots$$

A house-shaped grid for a math problem. The roof is a dark grey triangle with a red brick chimney on the left and a white cloud above it. The main body is a rectangle divided into a 3x2 grid. To the left of the grid are two plus signs and an equals sign, indicating a sum of three rows.
