TRIBE TIME

CLOSING CELEBRATION

Gathering Time: Sing and dance to traditional songs that reinforce the Bible Points and Bible stories.

Tribe Time: Hundreds of years ago, Jewish families found great importance in carrying out customs that strengthened their connection to God. *Your* Tribe of up to 10 participants will carry out some of these same customs, too!

Marketplace Shops: Engage all senses as everyone explores the Marketplace. They'll squish, weave, grind, construct and nibble. Listen as each shopkeeper talks about Jesus and what's been happening.

Synagogue School: Discover what school was like for kids in Jesus' time. Converse with the rabbi as he questions what you've heard about Jesus. Sketch Hebrew letters in clay tablets with a feather quill.

Village Playground: Kids and adults play traditional games of Jesus' time: dreidel, javelin toss, discus, dancing, and more! They'll be amazed to see games that entertained families centuries ago are still fun today.

Daily Dramas: Imagine the entire Jerusalem Marketplace as a stage. Each day a "real" drama unfolds in the middle of the Marketplace. Tribes stop what they're doing and hurry to see the excitement! Watch as Peter, Mary, and other Bible characters portray the events leading up to the crucifixion.
