Legend

C - Credor	GQ - Grand Quartz
D - Dolce	KQ - King Quartz
Em - Emblem	LQ - Lord Quartz
Ex - Exceline	SW - Silverwave
L - Lassale	II - Type II

Notes:

Accuracy is in seconds per month unless noted as per year.

Calibers without a model noted have generic dials, i.e. Seiko, Quartz (usually) and the Seiko quartz/twin quartz symbol (usually). Generic dials were also often seen in those calibers with models noted.

Some caliber series of very small womens watches originating through 1980 are not included (series 13, 14, 16 and 34).
