

L'escargot des multiplications

L'escargot des multiplications

The board game is shaped like a snail. The shell is divided into 30 segments, each containing a multiplication problem. The snail's body is on the right, with a 'Départ' (Start) space at the bottom and an 'Arrivée' (Finish) space in the center. Special instructions are placed in some segments.

	2×4	Passé un tour
