

TABLE DE 7

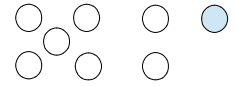

Ajouter un nombre à 7.

Je décompose le nombre à ajouter en 3 + quelque chose (voir colonne gauche).
J'effectue le calcul : j'ajoute d'abord 3 à 7 (ça fait 10), puis le reste.

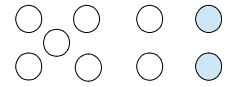

Les résultats seront progressivement appris par cœur à force d'être vus, revus, répétés, redessinés.
Il faut aussi faire manipuler avec des jetons : réaliser les calculs sur une feuille où sont dessinées vingt cases vides.

$7 + 1 = 8$

$7 + 2 = 9$
