

Heu...
 Ce n'est pas
 pour schtroumpfer
 les fleurs que je
 suis là...
 Schtroumpfe les points
 de 1 à 125 et de A à Z
 et tu sauras
 pourquoi je suis
 prêt à
 intervenir...

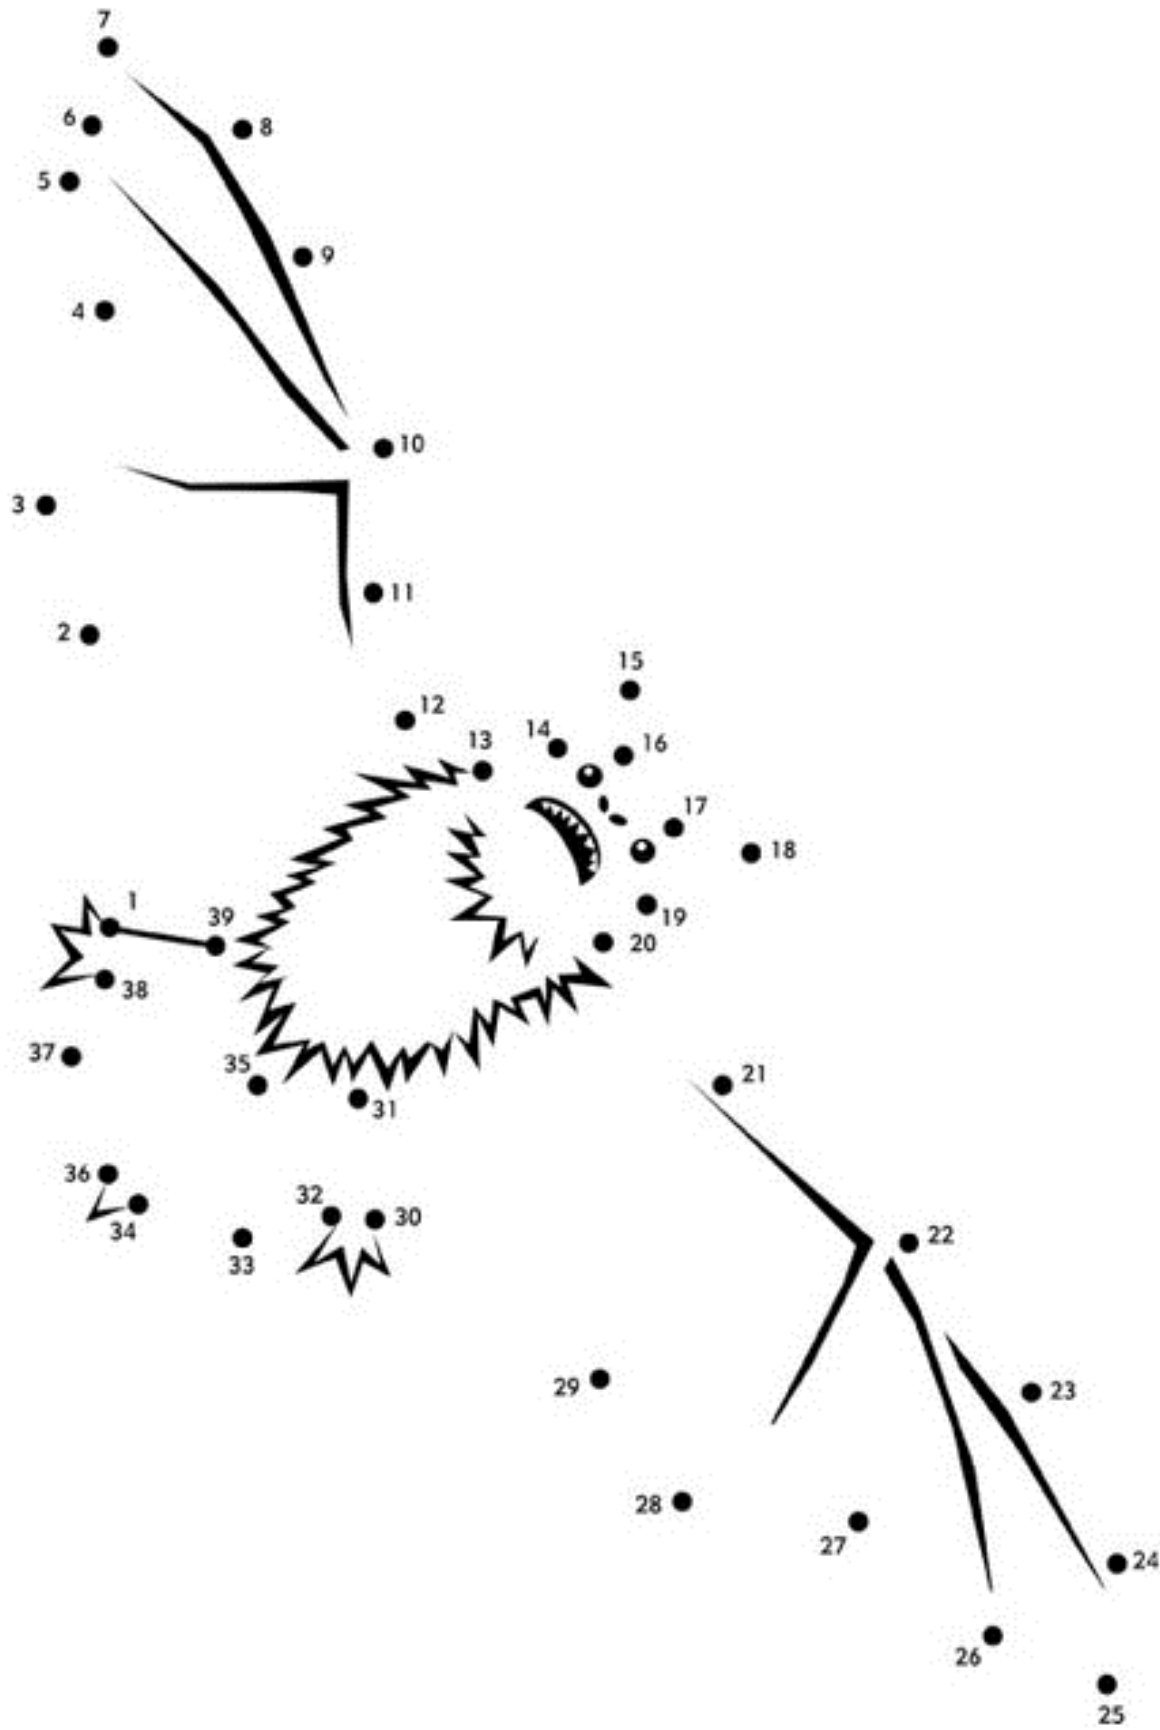

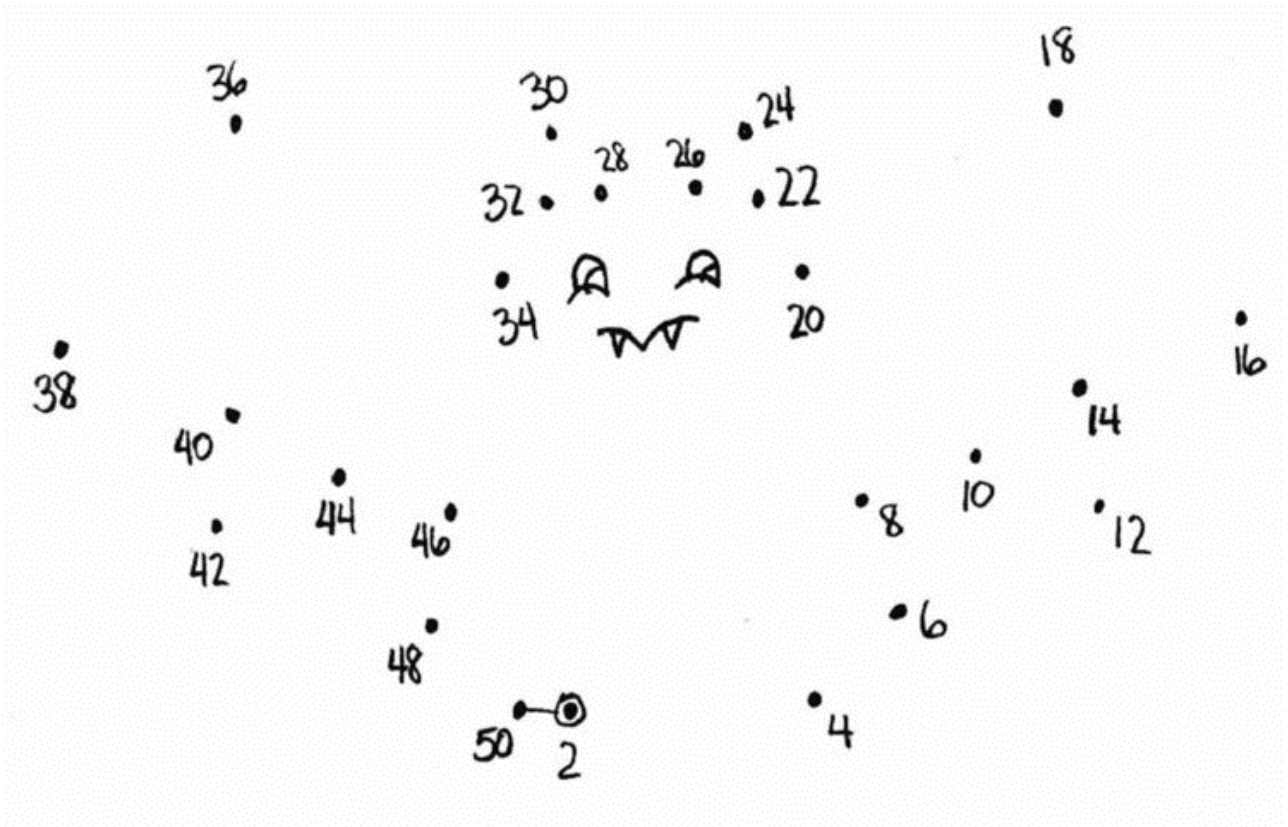

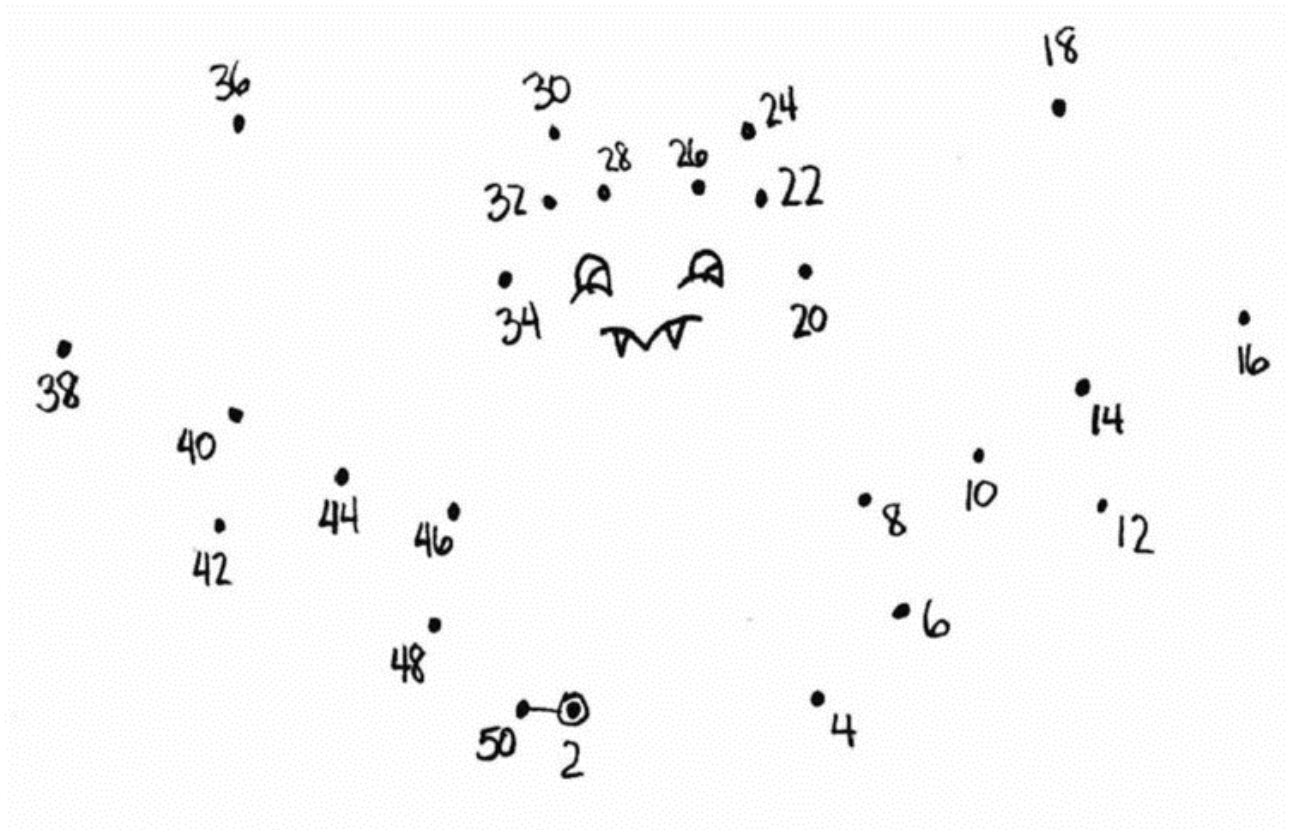

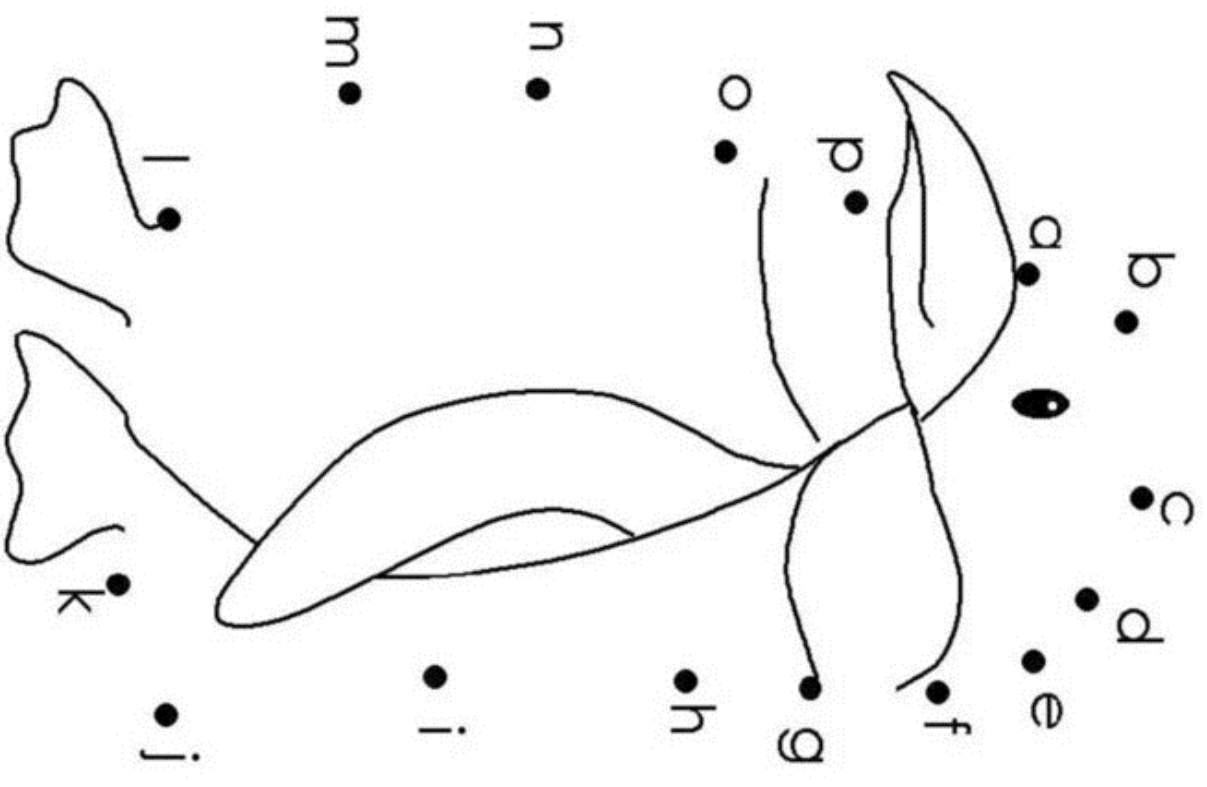

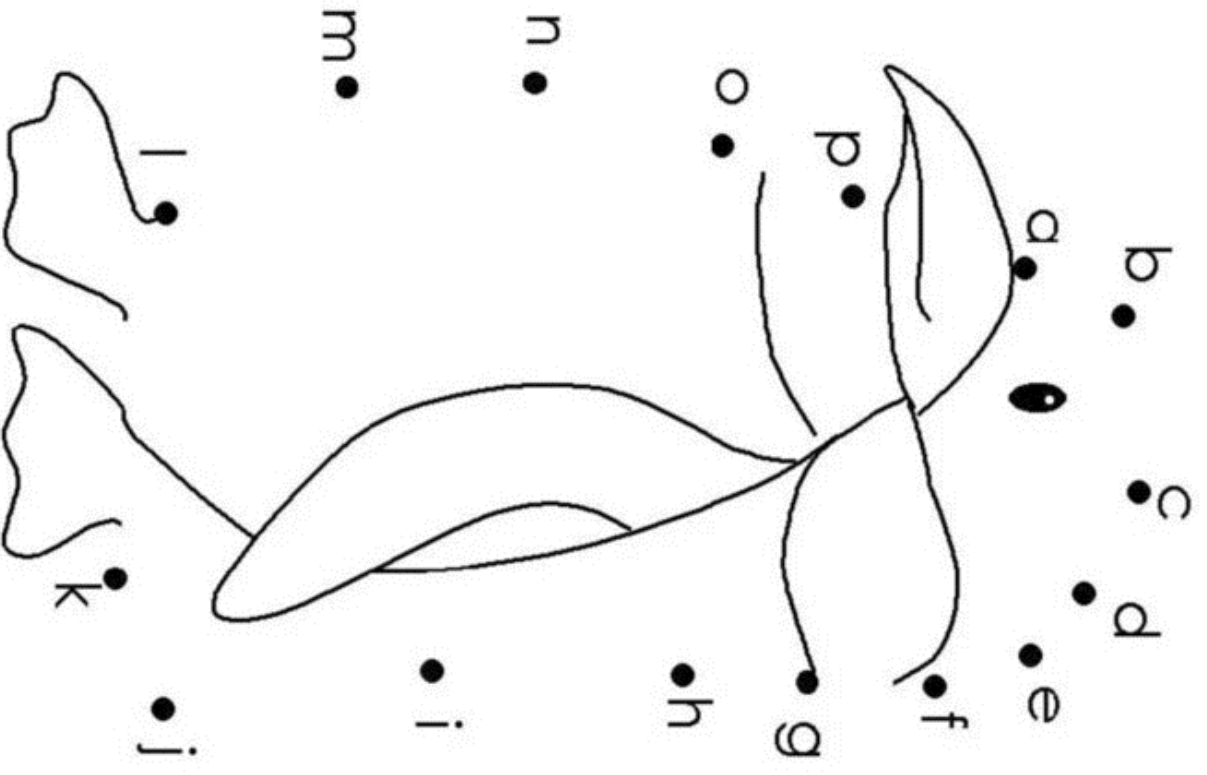

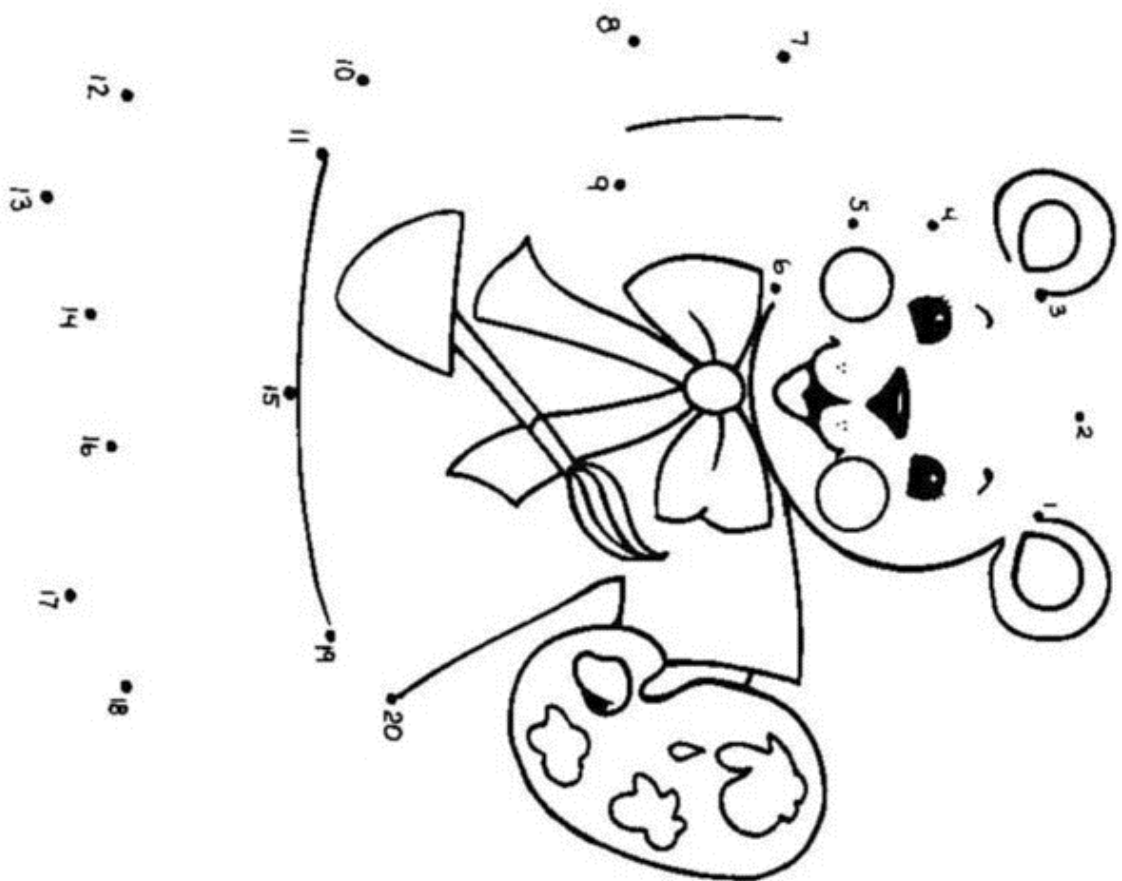

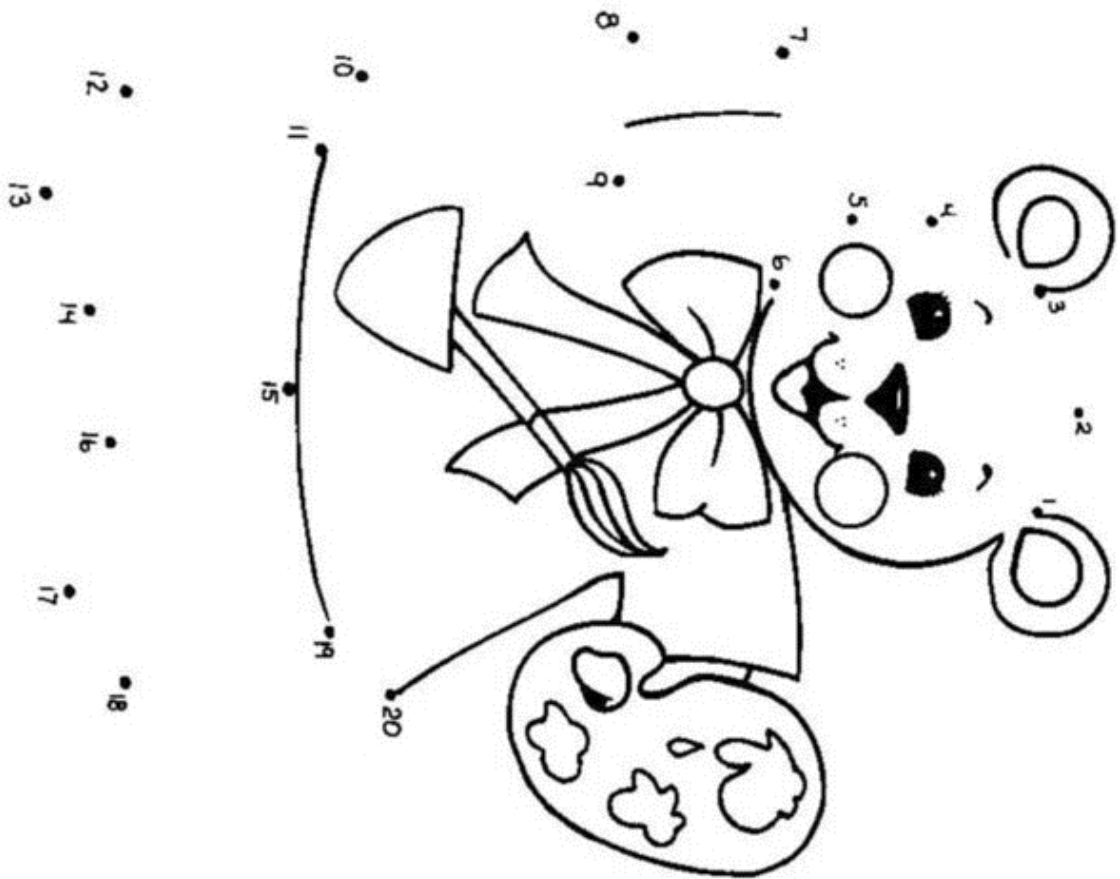

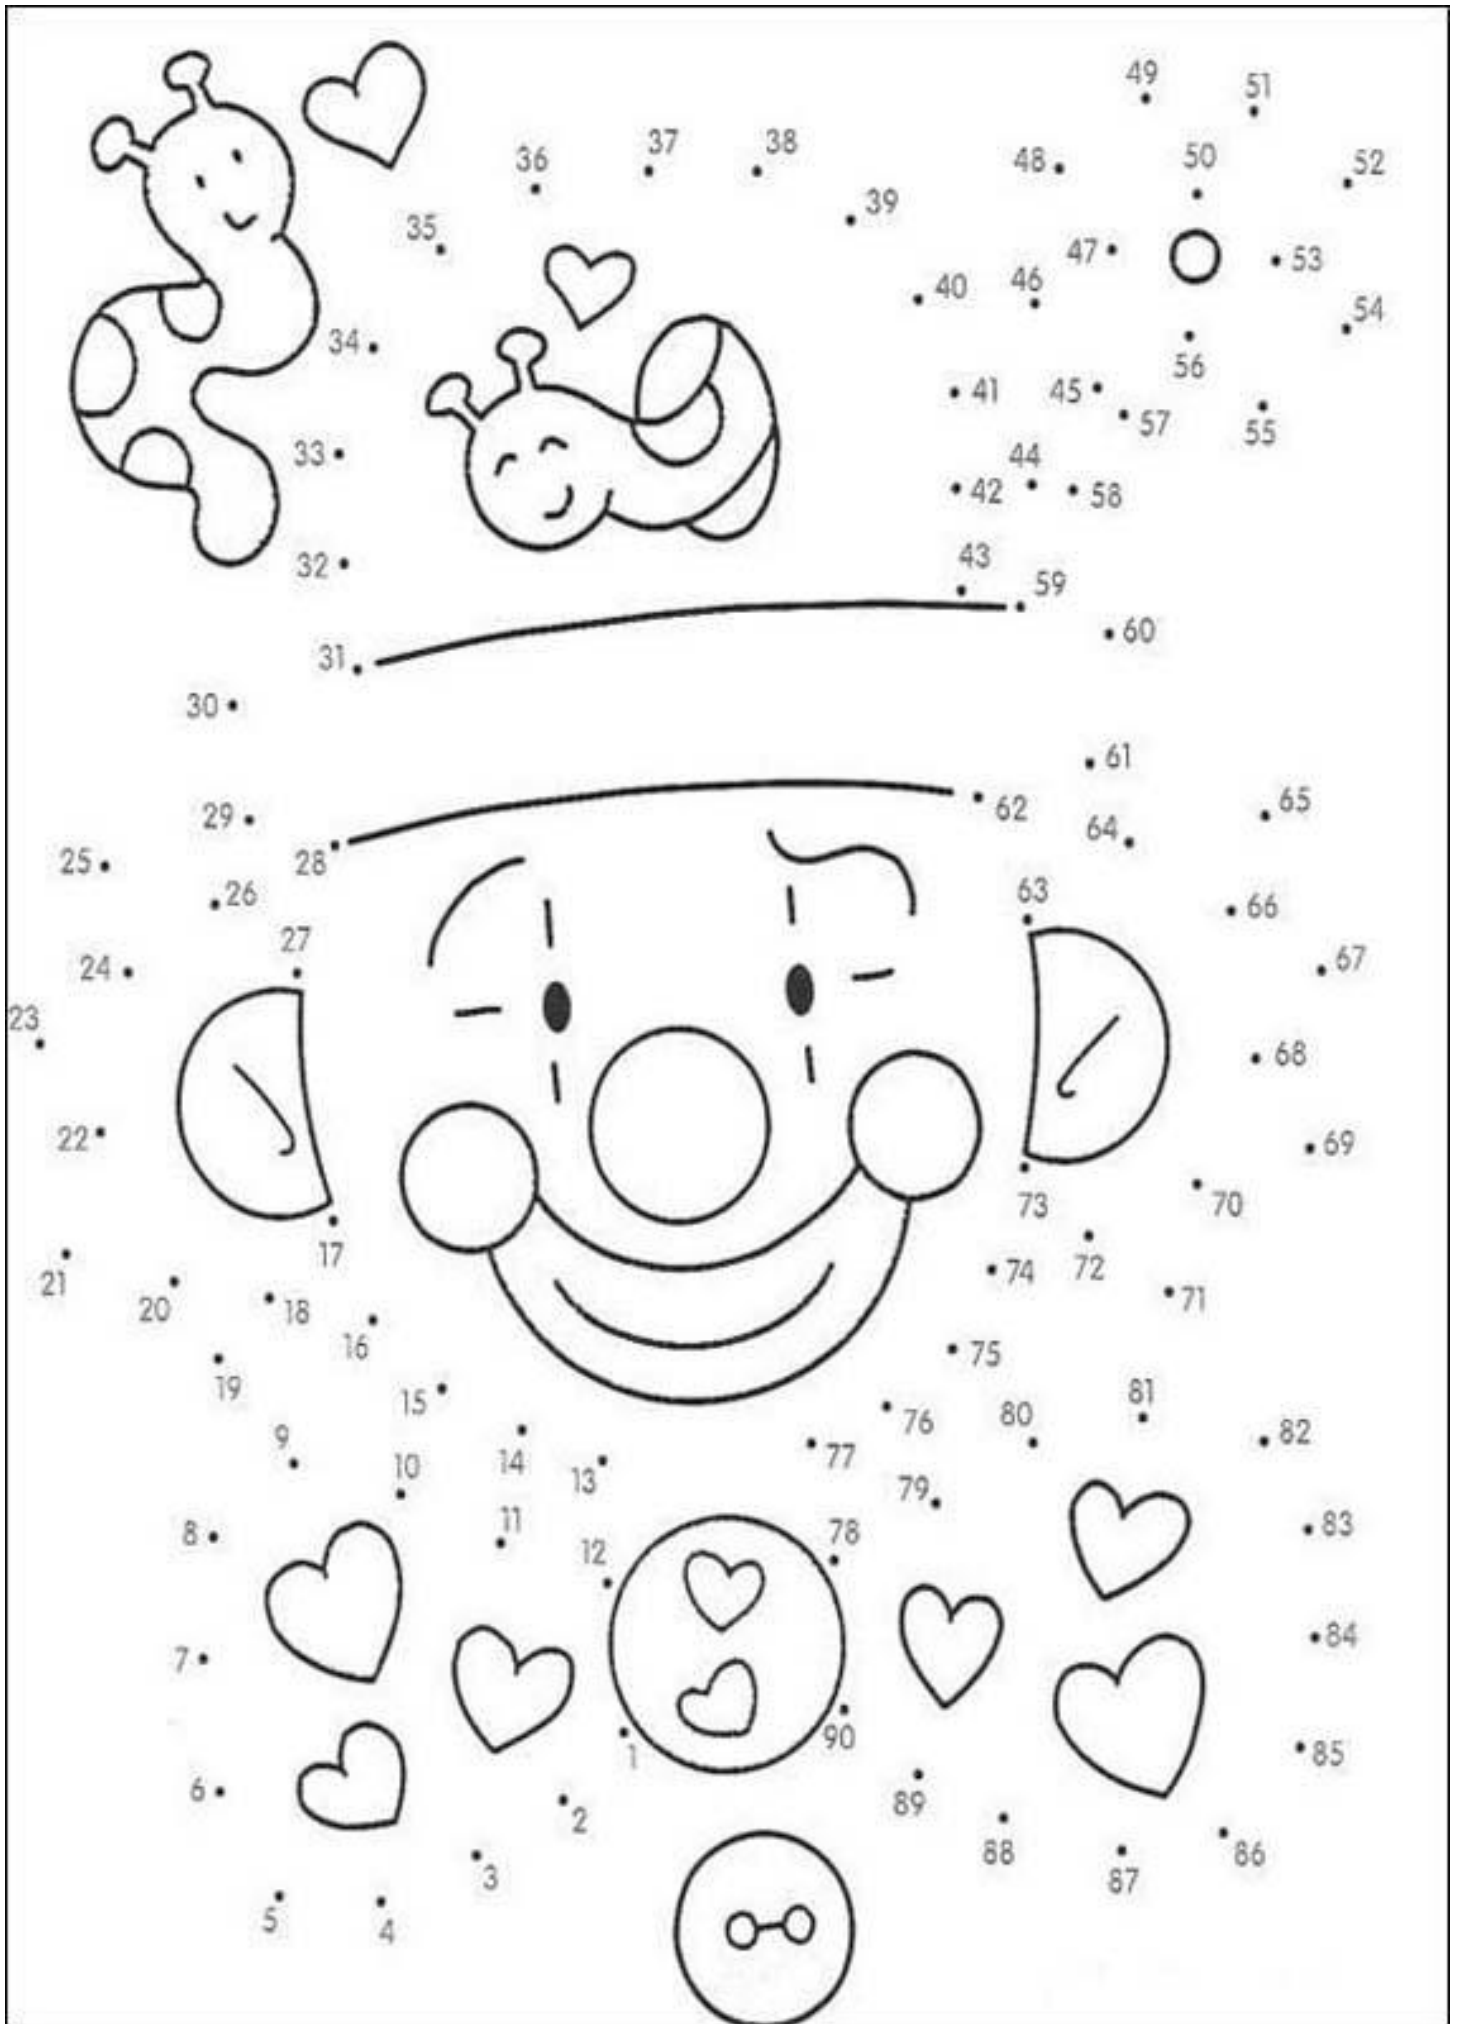

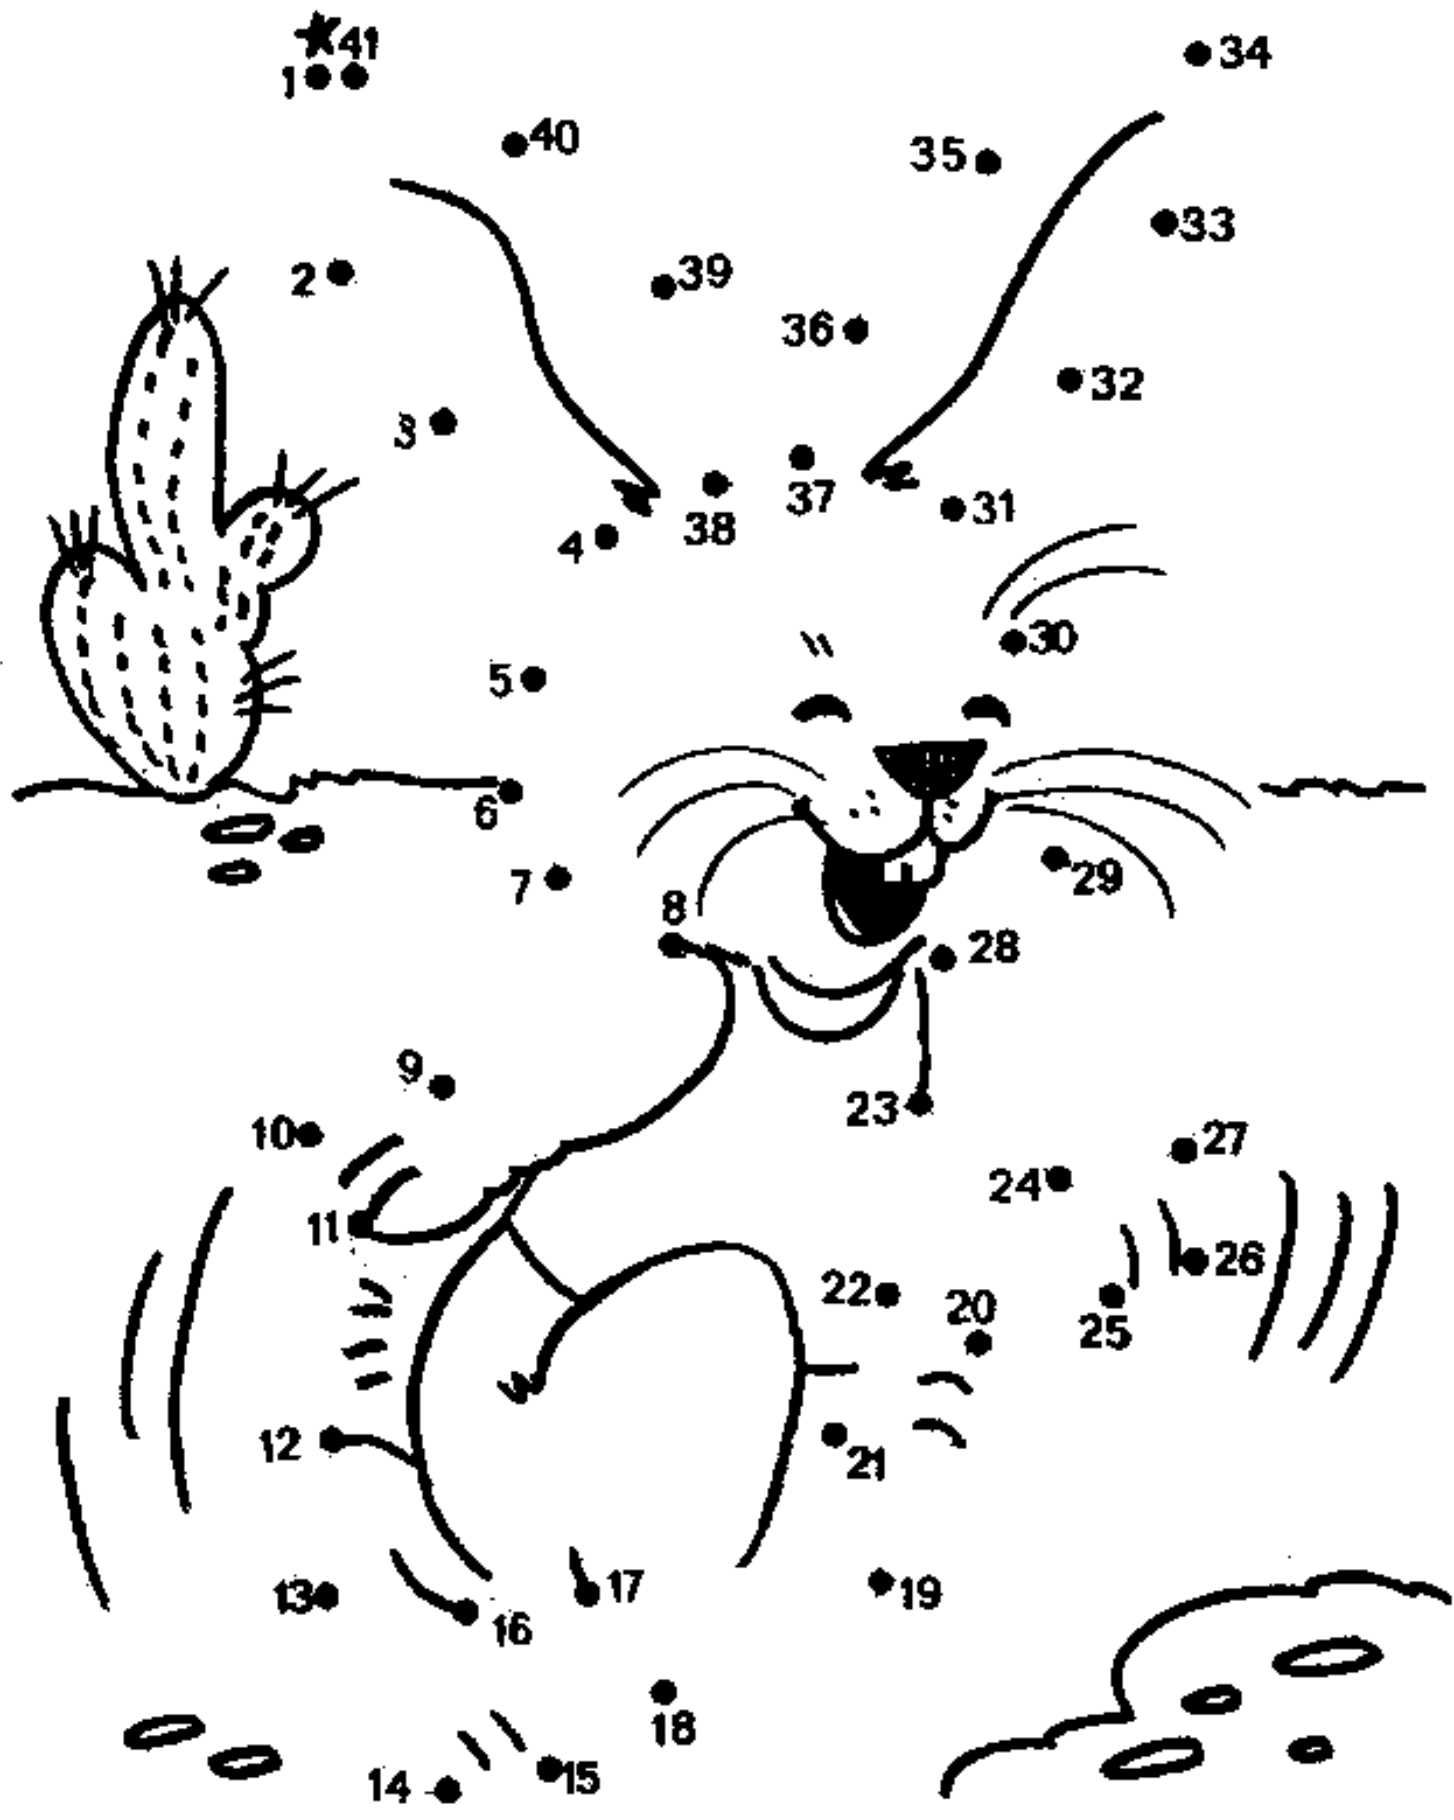

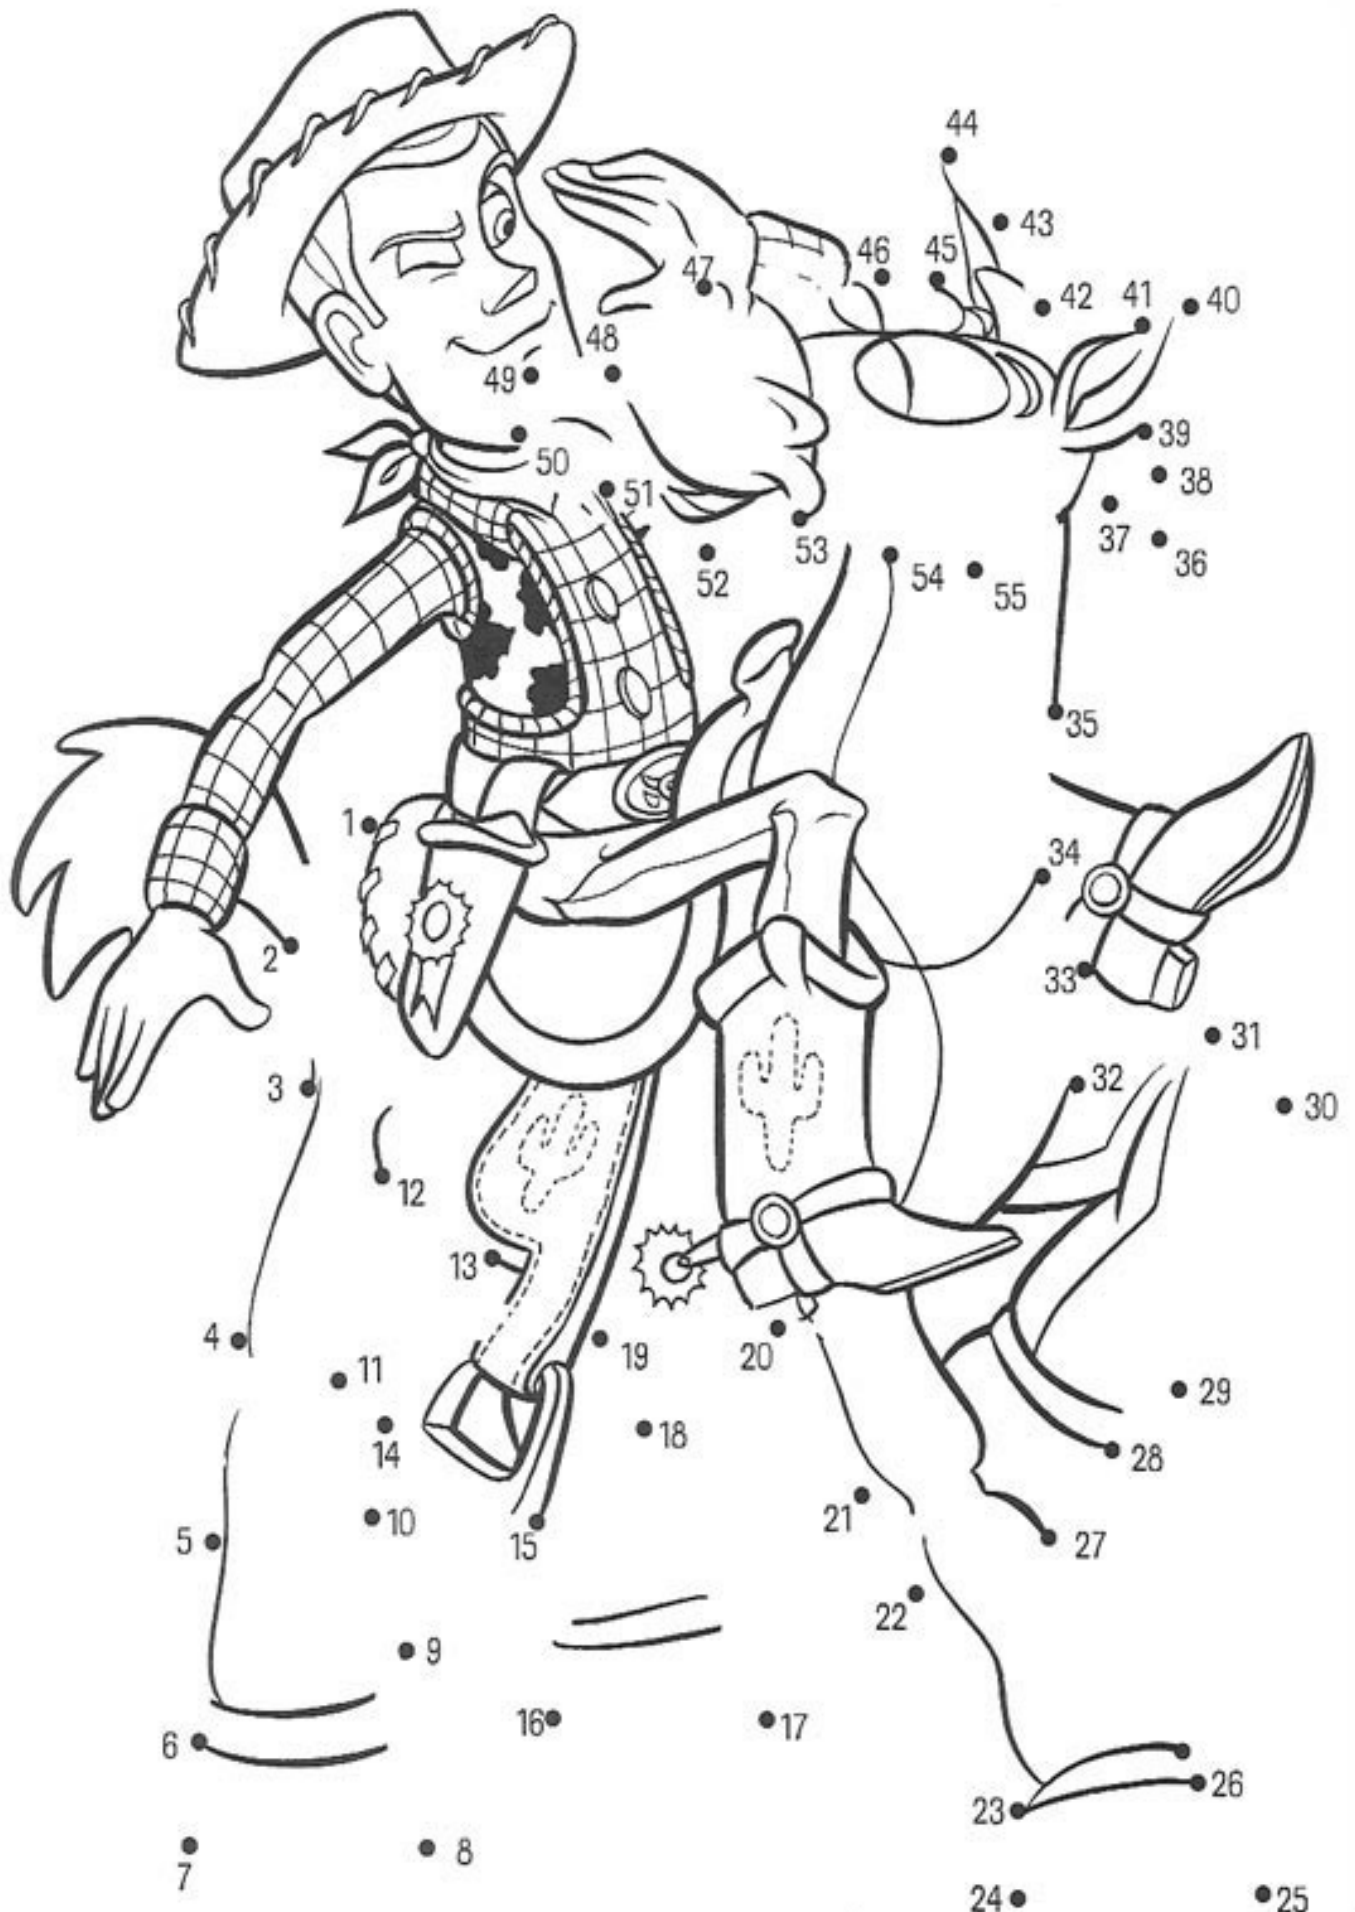

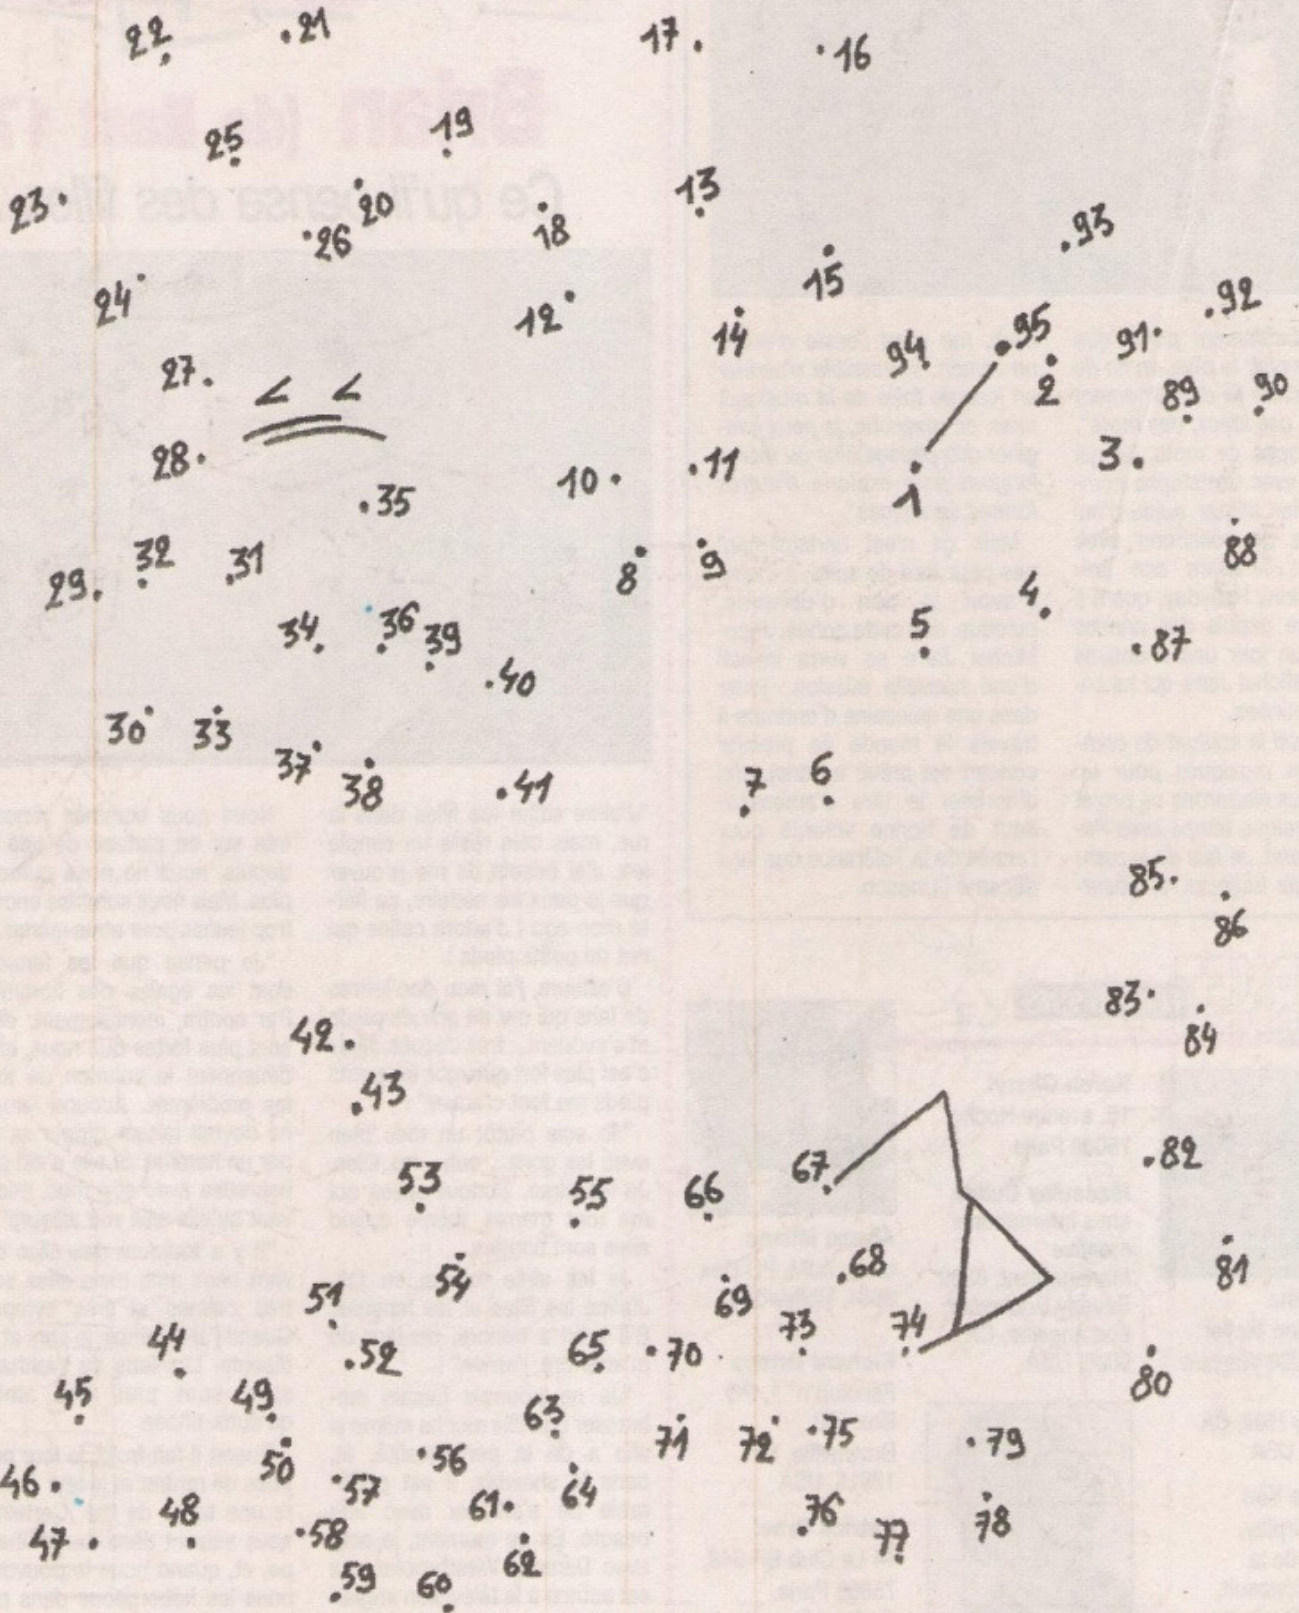

Points à relier

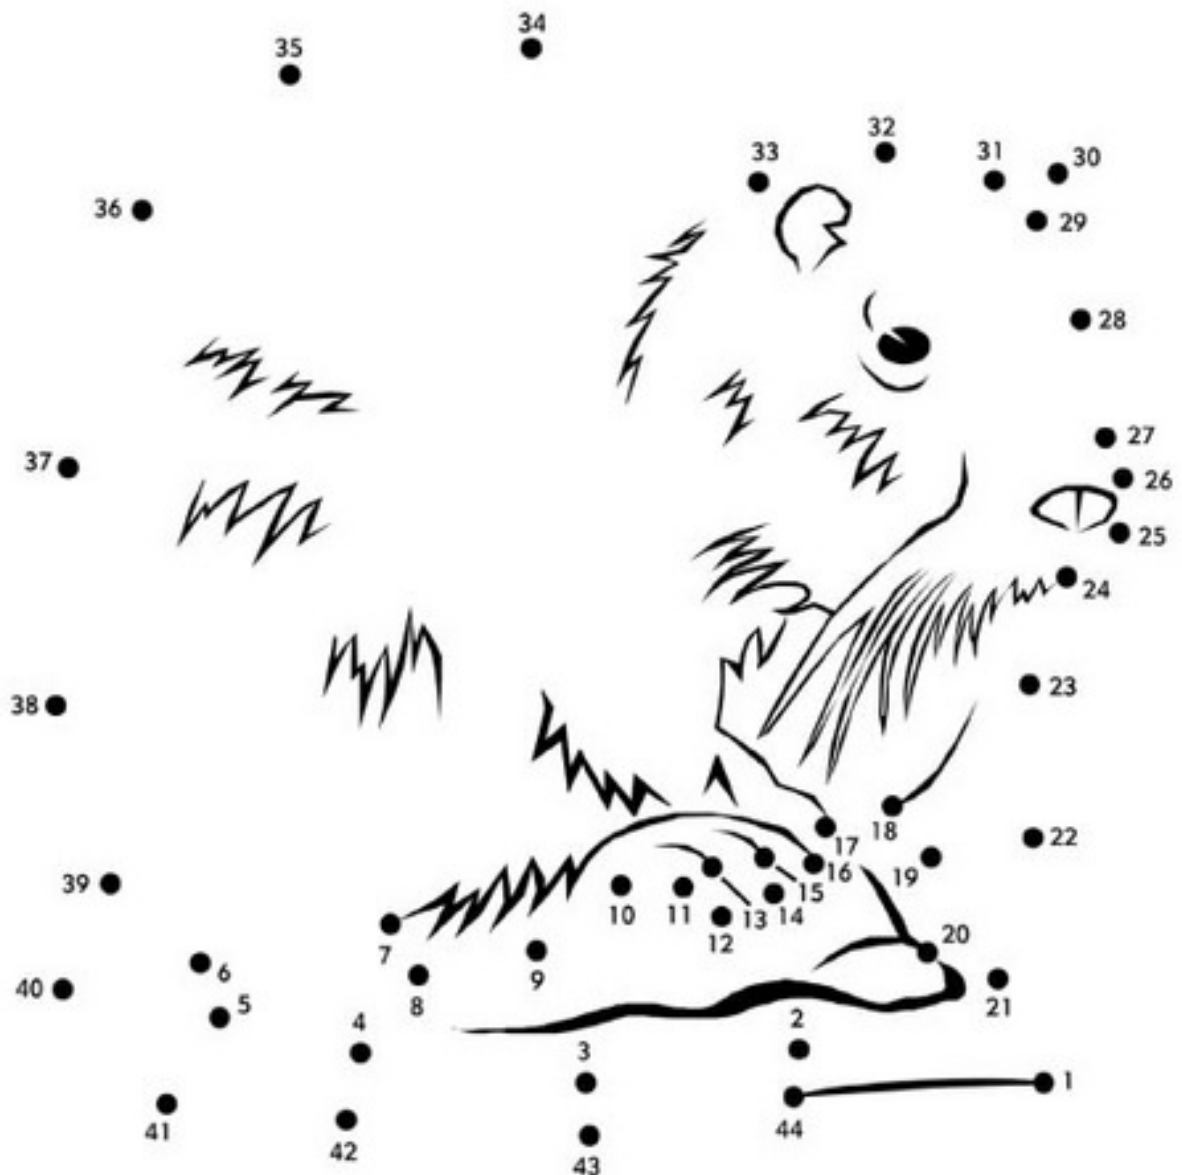

Relie les points de 1 à 95 et une silhouette familière t'apparaîtra

Connect the Dots to Discover the **Invasive Species**

Hundreds of new plants, animals and diseases come to the United States from around the world unplanned. These species are called *invasive species* when they start breeding and become harmful to a habitat's original plants and animals. The *Nutria* came to the U.S. in 1899. This animal is a big environment challenge for scientists and resource managers.
