I play on Prismacraft... I 'm going crazy...
I cry, I'm sick, of this demonic admin...
This is crazy panda... I care less scared!
It rains, I cry, I'm sick...
Come with me, you say welcome to the mad!

[instrumental]

It rains... I singing.... I cry...
I'm singing in.....the rain....
It rains, I singing in the rain!
I will undermine diamonds, rub the lava lakes ...
Search wealth, seek the death ....
I find the diamond, I find the dish ...
I am the diamond mine ... I see death up close...

When I slipped into the lava ...
I'm burning in the lava...
I'm undermining the diamond, I returned to spawn ...
Outside it's raining, I cry, I singing in the rain...
I'll take the glow, to see something in this world crazy.

I go to the Nether... For mean glowstone...
I find lava... I'm burning in the lava...........

[instrumental]
