
Découverte du monde: dénombrer une quantité en utilisant la suite orale des nombres connus, associer le nom de nombres connus avec leur écriture chiffrée

Consigne : Je dessine le bon nombre de billes.

Découverte du monde: dénombrer une quantité en utilisant la suite orale des nombres connus, associer le nom de nombres connus avec leur écriture chiffrée

Consigne : Je dessine le bon nombre de billes.

This activity consists of three pairs of speech bubbles. Each pair has a square box containing a number and a larger rounded rectangular bubble for drawing. The first pair has the number 3, the second has the number 1, and the third has the number 4. The drawing bubbles are currently empty.

Consigne : Je repasse sur les modèles et je continue.

This section provides tracing practice on a four-line grid. It shows four rows, each starting with a dashed number (1, 2, 3, and 4) followed by a dashed line for the rest of the row, intended for a child to trace and then continue the pattern.

Consigne : Ecris le chiffre qui correspond.

This activity involves matching the number of blue jellyfish in speech bubbles to empty square boxes. There are four speech bubbles: the first contains 3 jellyfish, the second contains 4 jellyfish, the third contains 1 jellyfish, and the fourth contains 2 jellyfish. Each bubble is connected to an empty box by a line, indicating where the child should write the corresponding number.
