Informations sur le projet

Attention : Il y a des divergences entre les polices Maternellecolor Creuse et Cursive Standard pour les majuscules H, X et Z. Il faut donc apporter des modifications à la main. Le tracé des lettres U et W marque des arrêts qui ne sont pas nécessaires.

Utilisation des fiches :

Elles sont conçues pour être mises sous plastique et servir d'entraînement avec un feutre effaçable à sec ou à l'eau. Plutôt que de passer des heures à plastifier ou de prendre des pochettes de classeur, j'utilise des protège-cahiers incolores. Les replis à l'intérieur permettent de glisser plusieurs feuilles. Il y a 2 modèles vierges :

- Un pour créer ses propres modèles.
- Un pour s'entraîner sans modèle. On peut ainsi mettre la fiche avec modèle en recto et celle avec simplement le lignage en recto.
